INTRODUCING VICTOR: A SPECIAL MAN WORTHY TO BE KNOWN

Roger & Julie Tate

rojuta@gmail.com
P.O. Box 96
Kitale, Kenya
East Africa, 30200

June 10, 2021

Greetings in the name of Jesus Christ, In my newsletter for this month, I would like to introduce you to Victor. He is the one in the picture that I have sent. It will be difficult for me to describe Victor to you because he is a complicated individual. However, although he is complicated, he is a special man and worthy of us knowing him.

One of the reasons I wanted to introduce you to Victor is because of his faithfulness; faithfulness to God, to me, and to the Upper Room Baptist Chapel. Victor is the only person I know will be at the Chapel's services each and every week. In fact, there are some weeks that Victor is the only one to show up. I may not know who else will show up, but I know Victor will be there, encouraging me, supporting me, and teaching me things about Jesus.

I have said Victor is complicated. This is true. He is quirky and strange to the point of being annoying, in his own world, oftentimes unintelligible in his conversation, and misunderstood. Victor hasn't always been like this, however. I have spoken to people that have known Victor for a long time, and apparently he used to be more of what we would consider mentally "normal" - a bright and intelligent young man. After a visit to Mombasa, however, he came back "changed". The consensus is that Victor probably contracted cerebral

malaria while in Mombasa, didn't receive the proper care for it. The disease left him permanently "brain damaged", at least to some extent. When Victor returned, he returned as I have described: "quirky and strange to the point of being annoying, in his own world, oftentimes unintelligible in his conversation, and misunderstood".

When Victor first started attending the Chapel this was the only thing I saw about him. He would interrupt me while I was preaching and ask a question that was mostly unintelligible and completely unrelated to what I was saying. Or, he would get up in the middle of my lesson and start sweeping and mopping the back of the room. He would do other quirky things that usually annoyed me, and I would find myself trying to "manage" his behavior.

However, in describing Victor in this way (which is true) I am not giving you the full story about him. Here is the other half of Victor. He is one of the kindest, most trusting, gentlest, giving, and self-sacrificing men that I have ever met. And, more than anything, Victor teaches me about Godliness and Christ-likeness. From the beginning of his attendance at the Chapel, Victor would

come early or stay late in order to clean the building. He would always try and do nice

things for me like packing up my stuff after service while I was talking to other people (even though I didn't want him to) or refilling my water bottle (even though the water he used wasn't clean), or stacking chairs and moving them to the side of the room (even though I just had to move them back later). In all of these things Victor was not trying to be annoying (even though he was) but to be helpful, loving, and giving. He did these things from a

pure and loving heart.

Later, as I spent more time with him (mostly because he wouldn't leave me alone), I saw even more of his self-sacrificing heart. If we were walking through town together I might buy him a banana or a small bag of potato chips. Inevitably, he would stop and share his banana or his chips with a street boy, or a small child sitting with his mother, or a beggar, all the while speaking to them softly, lovingly, humbly and blessing them in Jesus' name. When we are walking home together after services at the Chapel, every-

Victor

one we pass on the road gets a wave from Victor, or a greeting, a handshake, or a blessing in Jesus' name. When I take Victor for a coffee and "cake", his coffee always gets cold before he drinks it. Why? Because he insists that I drink it and eat his cake (even though I have some of my own). When we moved the Chapel out of town and into its own building, Victor automatically volunteered to be the building and grounds caretaker. After a couple of weeks I noticed that he was tearing up some of the grounds and planting seeds where I didn't want them. I asked him to stop (even though he didn't). Now there are plants growing around the Chapel compound. Do you think they are for Victor? Nope. Every week someone who attends the Chapel goes home with some food: A pumpkin, some beans, sukuma (greens), kale.

He oftentimes tries to send me home with a pumpkin, a bunch of bananas, or avocados even though most times I am able to convince him that I don't need them. Most Sundays Victor will come to the Chapel (he is always early while everyone else is always late) and he reads to me the Bible verses he had been reading that morning. He shows me his Bible which is all marked up with notes that he understands but I don't. He and God are probably the only ones who understand those notes. But do you know something? I think God DOES understand those notes. And I think Victor understands something about God that most of us, including me, don't.

Victor has become one of my favorite people in Kenya. God bless Victor.

Blessings to you all,
Roger, Julie & Chloe

GOD'S GRACE ON DISPLAY IN FRANCE

John Mark &
Judy Hatcher

JMHatcher@aol.com
4, rue d'Aspin
31170 Tournefeuille,
France

June 7, 2021

Dear Brothers and Sisters,

One month ago, we arrived back in France. God has continued to display His grace and we are greatly encouraged by the events of the past month. We crossed many of our neighbors and friends during the first 3 or 4 days back home. This continues to happen daily and, in some cases, God has given numerous effective encounters with people for whom we have praying a long time.

The Tournefeuille church, meeting in person and online, is in a two-pronged study series: Religions in France and Biblical Examples of Witnesses for Christ. The response has been very good. Yesterday the theme was the witnesses to the "non-Jews" in the book of Acts. You might like to read and meditate on Acts 8:1-4 and 11:19-26. The narrative about these

witnesses who broke the standards of the first church (while doing what Christ had commanded His apostles) is a great lesson to all of us. The results are glorious!

The Lord willing we will soon restart Bible studies in the city of Mazere. We had thought the door at this location was closed, but unexpectedly God reopened it. God gave us an effective outreach at this place in the past and we are excited to experience what lies ahead.

Two weeks ago we had a great time of fellowship with part of the leadership team at Mt. Calvary Baptist Church in Charleston, WV. Judy and I enjoyed this video chat with them to be shown to the church. You can go on their church site and see the video. Mt. Calvary had supported us for many years and yet we only knew one of the five leadership individuals that spoke to us in the interview. I think that this practice of keeping the church updated with their missions team is an excellent practice. One question that arose was how a house church works. As

most of you know the Tournefeuille church meets in our home. All of our Bible studies meet in someone's home. It really works just like any church meeting in any building. We use the main room of our house for the opening and adult meetings and, as needed, the bedrooms and kitchen for Sunday School classes. This is not an ideal model in all circumstances, but is an effective way to begin and maintain at low cost until more space is needed. There are several examples of this in the New Testament. A church is a body of disciples of Jesus Christ committed to serving Him together. The Sunday meeting is only one dimension of how the body builds up itself and reaches out to others.

We are grateful for each church and individual that our Father has given as part of our support team. God uses your prayers and gifts to touch many that you will one day meet in the presence of our Savior.

May God bless each of you and encourage you where you are.

Your fellow servants in Christ,
John and Judy

FINALLY IN BRAZIL!

São Paulo, Brasil

June 21, 2021

Dear friends and family,

Well we are finally in Brazil. It took a lot of doing but we made it here on the 4th of June. We have been enjoying the time with the family, especially the granddaughters as it has been almost two years since we have seen them. Our time here in Brazil has reminded me of the luxuries that we enjoy in the United States. Some of these are Wi-fi, good cell reception — all the time. Then I start thinking about driving and its difference between the States and in Brazil. I truly do not miss all the challenges.

While here in Brazil I have visited many old friends, made new acquaintances, and talked with many pastors. It looks like there are some pastors here who have an interest in the seminary. God is AWESOME!!!

Finding pastors and leaders in churches to study in the seminary is not the problem we have with the Seminary, but where we are to have the seminary is the problem.

COVID restrictions are still very strenuous. And the people not yet received their injections for COVID. The churches where I have preached are in compliance with the restrictions. But with all these problems, the people are still very active and attentive for the gospel.

For us to be able to travel internationally, we had to jump through several hoops. All that being said, God took care of all our obstacles and most before we began our journey.

This month we are completing two Zoom classes and it has been great to have been here to help with all the problems. However, most of my help has been only with administration issues, i.e., classes students have taken, what do they need to finish, etc.

If all goes well, we are looking for October to be our first graduation in

our Master's program and that will be in São Paulo City.

As of now we are having classes in two cities and three other cities are waiting to be able to participate in person—this we hope to do in October. Several students have had complications and three of our students have died from COVID. Please pray for these families. Also continue to pray for all the students as they live through these problems as we do also. We do have more resources than they do. But one thing we all have in common is that we serve the same AWESOME God.

Our prayer requests: safe travels for our return to the US, the churches and their pastors here in Brazil, our Seminary professors, Dr. Derek, Dr. Edge, Dr. Waltermire, Dr. Scherer, and others who are planning to come on board.

Thank you each and every one for your continued support through prayers and donations to us through Baptist Faith Missions.

In His service,
Aj and Barbara

VISITING CHURCHES ON FURLOUGH

Nathan & Carrie Radford
naterad@yahoo.com
[On Furlough from Kenya]
1126 Smith Street
Milton, WV 25541

June 2, 2021

Dear praying friends,

Another month has come and gone, and we are now officially halfway through the year with the summer months coming ahead. It is hard to believe we are already into the summer months, and we love seeing the changing seasons and getting to experience them while we are on furlough. Each of you are such a blessing and we appreciate your interest in the ministry in Kitale, Kenya.

I (Nathan) have been busy traveling, scheduling, reporting on the mission work in Kenya, and preaching the Word of God. It has been a blessing to see each of you and I am genuinely thankful to each opportunity with the challenges of coronavirus. We know different parts of the country have been affected in different ways, and our prayer is that things will be back to normal all over America. Prayer makes a big

Visiting New Life Baptist Church in Lexington, Kentucky

difference. I love the quote "prayer changes things." I think of Colossians 4:2, which says "Continue in prayer, and watch in the same with thanksgiving;" and also Psalm 145:18, which says "The LORD is nigh unto all them that call upon him, to all that call upon him in truth." May we call upon the Lord daily, trusting in His strength for the challenges of life.

My wife and our daughters are

staying busy with home-schooling. My wife has a degree in education, and does a great job preparing and teaching our daughters. Home-schooling has

been a great experience for her and our daughters.

Our understanding is that Kenya has reopened now from the previous restrictions of coronavirus. There are still cases in various parts of the country, but at least you can fly into the country now and not be restricted in any way. As I stated before, Nairobi and five other counties were on lock-

down but those restrictions are now lifted. For this we are thankful. Please pray that the cases would continue to decline so that everything would get back to normalcy soon. That is our prayer for America as well.

We understand that there is a new supermarket coming into Kitale that stores many of the items that we like. We are excited about this and are hopeful that it will be opening soon. This is a big blessing for my wife and makes her weekly grocery shopping much easier, as she had to go to several different stores last term. What a blessing this is.

Please continue to keep us in your prayers as we continue in our time of furlough. We are thinking of you all as well and appreciate each of you so much. May we continue to trust the Lord day by day, month by month, year by year, following His guidance. I will leave you with the famous verses of Proverbs 3:5-6 which say, "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths." Amen. May this be the desire of our lives.

Until next month,
Nathan and Carrie

Dear Friends,

In a letter I wrote a couple of months ago I told about a dear couple, Emmanuel and Maria, who had retired from their secular jobs to engage in fulltime evangelism. Both, they and their grown children all contracted COVID in March and were treated with medications to recover. All six of them recovered from COVID, but sadly, Emmanuel suffered heart failure due to pre-existing conditions and the Lord saw fit to take him on to heaven. His family and our church family are very sad that he is no longer with us, but we do rejoice that Emmanuel has finished his race and is enjoying the presence

of our Savior. Even while he was in the hospital he was a soldier for the Lord. Four people who were either roommates or visitors came to know Christ through his testimony and that of his family as they shared their faith through the gospel.

Nearly a year ago, a teenage girl who attended our services turned to Christ and was baptized. Her parents are divorced and she divides her time, living with both parents for a couple of weeks at a time. Both of her parents have been Spiritists (demon worshippers) all of her life. When she first wanted to be baptized, her father wouldn't allow it. She respected her father's will and waited to be baptized until he gave his permission. Her changed behavior after her conversion was so stark that her father was convicted of his own need for forgiveness and just last week we baptized him after his surrender to Christ! It is amazing to see how joyful this man has become. We are now praying for

Emmanuel sharing the Gospel

the girl's mother to come to Christ also.

Charlene and I want to thank you who pray for us faithfully. We see constantly evidence of God's blessings upon our health and fruit in our ministries and we are grateful to you who pray and give that we may continue serving here in Curitiba, Brazil.

In Christ's love,
Bobby and Charlene Wacaser

TRAINING LEADERSHIP, HEADED TO THE STATES

Judson & Raquel Hatcher

São Paulo, Brasil

May 22, 2021

Dear friends,

In this month's letter: Overcoming leadership training challenges, a Northeastern Brazil celebration visit in João Pessoa, "to COVID or not to COVID" and our plans to be in the US. Thanks for reading.

LEADERSHIP TRAINING

This month we had an intense one-week online leadership training with 23 people from three different cities. In his book J. Oswald Sanders 'Spiritual Leadership' said "leadership is influence". Our in depth discussions dealt with the needed influence for maximum mobilization and teamwork for the Gospel. The pandemic forced us to use a new format for meetings and training. There is a benefit to online training though. As people familiarize themselves with this format, new leaders from around the country can participate in these seminars and bring a broader base of experiences into the conversation. The live feed provides real time interaction between people that otherwise would not be in the same room due to the geographical distance. It was a great success.

CHURCH IN JOÃO PESSOA

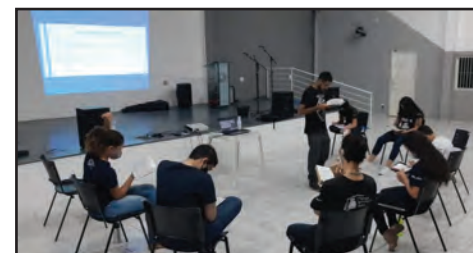

Pastor Helder and I flew 3.5 hours from São Paulo to encourage the church, the pastor and the leadership in João Pessoa. In 2003, my father

(Paul Hatcher) and I visited and surveyed 5 cities in Northeast Brazil. As a result, a new church planting project began to reach Brazil's Northeastern region. Families were equipped, teams were selected and sent from Manaus. João Pessoa was one of the cities that received a church planting team. It's the capital city on the coast of Paraíba state, and is home to beautiful people. Pastor Mizael and Jaqueline (his wife) were part of the original three families that moved from Manaus as part of the project. This church was started 15 years ago and Mizael and Jaqueline have faithfully served with their family. They developed leaders and influenced the region with the Gospel. We met with their leadership team and presented Pastor Mizael and Jaqueline with a "Here Am I" award during Sunday's worship meeting in honor of their faithful service to the Lord to reach people with the Gospel.

FAMILY HAPPENINGS

These last few weeks we've celebrated Sarah's (16th) and Benjamin's (13th) birthdays. It is hard to do much celebrating in the middle of a lockdown, but the Lord is faithful in caring for us and giving us great reason to rejoice.

Raquel, Benjamin and I tested positive with COVID-19. Our family remained in home lockdown for three weeks until full recovery. Benjamin was mostly asymptomatic, as he only had a congested nose for 3 nights. Raquel and I had fevers, inflammation of the joints and organs, coughing, and deep exhaustion. The Lord took care of us during this time through family

and friends. We are now COVID free.

STATESIDE ASSIGNMENT

We travel to the States on June 17 to stay for a one-year Stateside assignment / furlough. We plan to visit supporting churches, friends and family during this time. We were originally scheduled to be in the States last year, but the pandemic lockdown hindered us from making it. We are grateful to our supporting churches, friends and to the BFM board of directors in assisting us during this process. We will begin in Orlando, FL by visiting my parents for a few weeks. We would love to schedule a time with you and/or your church. Let's connect! Shoot me an email so that we can plan the details to be with you.

Grateful always,
Judson and Raquel Hatcher

RETURNING TO NORMAL AMIDST FLOODING

Odali & Kathy Barros
odali_kathy@hotmail.com
Iranduba, Amazonas
Brasil, S.A.

May 28, 2021

Dear Brothers and Sisters,

We pray and hope that all of you are doing well. We thank God for each of you for your prayers and support. Our ministry is greatly blessed through your encouragement.

Things here are getting back to normal but at this moment they are giving alerts of new cases of the virus, so we do our ministry being careful and taking the care necessary.

One problem that we are having in some places is flooding. The Amazon and the Negro River have risen higher than it has for over 50 years. The community of Cacao where we have a church, the water has reached part of the building. At the village of Ubim, the water has not reached the church, but to get to the church we have to walk over a temporary bridge made to get into the village. The water still is coming up. Many places are really flooded.

Kathy wants to thank those who gave donations for the t-shirts for the kids of Ubim. The t-shirts are ready. The kids will be happy to get

new ones.

The ministry at the mother church, Pedras Vivas Baptist church is back to normal. We have started back the music classes on Sunday morning. We plan on starting back the Friday night

services in homes soon. Kathy and I are doing visitation to see people that might want services in their homes. One thing that we did in our church was to sing only songs from the hymnal song book. Seems like everyone has enjoyed the month. We also mentioned about some of the authors.

I have been working this month on encouraging the church and showing them the mission God gave each of us: to tell people about God's love and what He did for man to be saved. Telling them the importance of evangelism. It is easy to get caught up in our busy life and forget to tell others about God's Love.

May God bless each of you!
Love in Christ our Savior,
Odali and Kathy

HELP WITH MISSIONARIES' FURLOUGH TRANSPORTATION EXPENSES

Would you please help us with our missionaries' furlough transportation expenses?

One of the benefits we provide for the missionaries associated with Baptist Faith Missions is to pay in full for their Furlough Transportation Expenses when they are due to

return to the States after a term of service. Those Furlough Transportation Expenses are funded from our Missionary Support Fund [which supplies all of the essential commitments, services, and benefits we provide for our missionaries]. These are your contributions that are given for the Missionary Support Fund.

We currently have two of our missionary families in the States on fur-

lough, and another one of our faithful missionary couples is due to arrive within the next couple of months.

We need your help to replenish the Missionary Support Fund for those expenditures. The transportation costs for these three missionaries' furloughs will accrue to around \$9,000.00. Would you help us provide this service for our missionaries by giving an extra offering for the Missionary Support Fund and just further designate it "for furloughs."

We constantly thank God for you all and for all you do for your missionaries and for the Glory of Christ!

"HOW CAN I HELP SUPPORT OUR VETERAN MISSIONARY PENSIONERS?"

We are appealing to you to help us provide monthly pensions for our Veteran Missionary Pensioners. All of these faithful Missionary Pensioners have served the Lord in partnership with Baptist Faith Missions for a significant tenure of their lives. They are now receiving a modest service pension from BFM as an expression of our love and appreciation for their lives of ministry in the Gospel.

Their pensions are not funded from the monthly contributions given to BFM for the Missionary Support Fund. The Missionary Support Fund supplies the needs for our currently-serving missionaries. Rather, the Veteran Missionaries' pensions are funded from an investment account that has been set up for this

purpose. Also, in turn, that **Veteran Missionaries' Pension Fund** has been funded over the years by generous contributions and legacy gifts to BFM that have been designated for our **Veteran Missionary Pensioners**.

However, the funds in that Pension Fund investment account are not self-sustaining. What we mean by that is that every month, we take out way more to supply that month's pensions than the funds on deposit make in dividends and interest. And that's even in good times. In not-so-good months and times, we can lose substantial sums just from the negative fluctuations of the account.

At this time, we are supporting seven (7) Missionary Pensioners with a month-

ly disbursement from that account in the amount of \$11,590.00. That is an annual distribution of \$139,080.00 to support our current pensioners. Needless to say, the account does not increase by anywhere near that amount by growth. So, there is a constant erosion and attrition of our base funds on deposit.

HERE'S HOW YOU CAN HELP! Would you be willing to commit to make a recurring monthly contribution to help us supply our Veteran Missionaries' pensions? We have been making special appeals during the month of June for our annual Founders Month/Veteran Missionaries Pensioners Offering. And that appeal is still open and *Continued on page 7* ➔

 Continued from page 6

"HOW CAN I HELP OUR VMPS?"

on-going.

But we also ask you to consider giving monthly offerings for the **Veteran Missionaries Pensioners**. What a gift and blessing it would be to each of them if we committed to giving recurring monthly offerings for our **Veteran Missionaries Pensioners** in the amount of \$11,590.00! That would supply their pensions for that month, and it wouldn't reduce the Veteran Missionaries Pension Fund!

You can do that by simply making your contribution to Baptist Faith Missions and designating it for "**Pension Fund**" or "**Veteran Missionary Pensioners**" or by anything that says "**Pension.**" We will know what you mean, and your offerings will go directly toward honoring our **Veteran Missionaries Pensioners** who have served our Lord and us so faithfully and sacrificially.

We might also note here that all the contributions that are given "In Memoriam" or "In Memory of..." are also allocated for our **Veteran Missionary Pensioners**.

You can mail your contribution to our Treasurer, George Sledd. Or you can give online by going to our website and click on the gold "GIVE" button.

When you make your transaction online, you will be given the "**Recurring option: __Yes! Please register me for the recurring program!**"

We pray and hope you will.
