SEVEN SOULS SAVED IN MANAOS AND FARO

THE ROBERT B. LUNSFORD FAMILY. Missionary and Mrs. Robert Lunsford and their children in Cruzeiro do Sul, Acre Territory, Brazil. The children in order of ages are: Robert Jr., Ava Lynne, William and James. A good and faithful missionary family. They left in the EMBAIXADOR (houseboat) on a long journey.

NEW CHURCH BUILDING IN MANAOS, BRAZIL. This is how the building looks now. It is 12 meters (39.37 feet) wide and 18 meters (59.05 feet) long. It is a beautiful, well built building. The walls are brick and stuccoed inside and out. The roof is tile. The porch floor, posts and roof are concrete. John Hatcher has done a marvelous job in building this building. The best of materials and workmanship. Brother Hatcher would like to finish up this building at once . . . but we do not have the funds to do it. May the Lord lead you to have a part. Send your offerings marked "For Building".

Aluminum Boat "La Nave Evangelica" Finished And Given Tryout

By Mitchell Lewis

Dear Friends and Loved Ones,

Simon Gaima now has the use of a 2 horsepower Penta outboard motor and also a new 19 foot wooden boat. We have constructed a small, room in the corner of a mans home in Morona Cocha where we keep the two outboard motors, gasoline, tools and other equipment. Simon is anxious to start making longer journeys, reaching out to where the gospel has never been preached. Sargento Lores is nine hours up the Momon River (2 days by paddle). Different groups have preached at this place but it has not been visited in years. Saint Mary is six hours up the Nanay River and no one visits there. We also plan to start regular preaching services at Astoria a place one and a half hours down river from Morona Cocha. Simon is proud of the boat and motor and sends his heartfelt thanks to those who have made such equipment possible.

Aluminum Boat Finished

The aluminum boat is finished and was given a shakedown cruise with "old salt Lauerma" and family aboard. The 18 horsepower Evinrude pushes La Nave Evangelica at a good speed. While in Lima I bought a four bladed work propeller and it is especially useful when the boat is heavily loaded. The water-ways are the high-ways in

the Amazon Valley and we in Iquitos feel the great need of the houseboat for Brother Paul and the launch for Brother Hatcher. These boats are investments for eternity. Last Sunday Samuel Lopez from Astoria came forward as a candidate for baptism. He is not legally married and I explained to him that the Catholic marriages are not legal in Peru and indeed are done in direct opposition to the Peruvian government. Samuel and his wife say that they want a legal marriage so they can be baptized and become members of our church. Sister Rios came up from Caballo Cocha (Horse Lake) and attended our services one Wednesday night. Her smallest daughter was sick so she brought her to Iquitos for medical attention. Sargeant Rios is faithfully serving the Lord. He is preaching and witnessing to the Roman Catholics and has excited the anger of the Roman priest. The priest tried to get Brother Rios transferred to a lonely garrison where he could not even be with his family but the Lord supplied a young single man who volunteered for this very unpleasant assignment. Sargeant Rios expects to return to Iquitos as he is one of the few who eagerly accepts the truths of God's Word even if he must abandon some of his preconceived ideas. Juan Castro is still faithfully doing one of the most diffi-

Paul Calley Back In Brazil — Seven Souls Saved In Faro And Manaus Last Month

By Paul Calley

Manaus, Brazil
March 21, 1958

Dear Brethren in Christ,

From Detroit To Manaus

Greetings in His name. On Saturday morning, March 1st, we left Detroit for Brazil after saying a tearful goodbye to our three children, two who are married to fine christian companions, and Leslie Paul, our youngest who was with us the first three years in Brazil and is now 18 years old and our four grandchildren. Also many more of our kindred and brothers and sisters from various churches were there at the airport to see us off, although it was cold and 5:30 in the morning. We thank God for the love in Christ Jesus that has been bestowed upon us by our brethren everywhere and take courage in thankful humbleness to know that there are so many who care and remember us in prayer.

After changing planes in New York and making stops in San Juan, Puerto Rico, Caracas, Venezuela and Port of Spain, Trinidad we arrived in Belem, Brazil where we waited three days for a plane to Manaus and arrived here on Wednesday morning, March 5th.

We will be here in Manaus until March 25th when we will resume our journey by boat and travel about 20 days up the Amazon and Jurua rivers to Cruzeiro do Sul in the Acre Territory to our field of work.

Seven Souls Saved Last Month

In the meantime we have been enjoying the best of fellowship with Brother John Hatcher and family and the brethren here, and have been preaching often at the churches and various points in Manaus and vicinity. And we are happy to tell you the good news that seven souls have professed faith in Christ this last month. A few days after we arrived in Manaus, Brother John Hatcher returned from a mission trip to Faro, about 350 miles down river from Manaus with the good news that four professed faith while he was preaching there. Also a young married woman about 20 years old was saved when Brother John Dias preached at a new preaching point in a neighborhood called Sao George on the outskirts of Manaus. And last Sunday night, March 16th we preached at the mission in Educandos where Brother Aguiar is pastor and a man and wife

Authorized at Detroit, Michigan

Paul Calley Now Back In Brazil

(Continued from page one)

about 40 years old professed Christ as their Saviour and said they wanted to be baptized when Brother Aguiar gave the invitation. About 20 people attended this service.

We have also preached at Calvary and Tabernacle churches and at the mission in Petropolis where Brother Sarmiento is pastor and at the new preaching point in Sao George where we had about 25 in attendance and at the mission in Chapada we preached to about 40 people. The Lord willing we will preach at the church in Japiim seven miles from Manaus this coming Sunday where Brother Argemero is pastor and again at the mission Petropolis before leaving for the Acre next Tuesday 25th.

Hatcher's Preacher's School

We have also been attending the classes at the Preacher's school where Brother John Hatcher is teaching and enjoyed it very much. Brother John is a good teacher and the preacher brethren are very attentive and learning much in God's word. We thank the Lord for the way He is using Brother Hatcher in the work here. He has a full work load. Besides his teaching and preaching he has been taking care of the finance reports etc. and overseeing the construction of the new church building and preacher's school and has done a good job. The church building is beginning to look beautiful and is well constructed. May it please the Lord to provide the funds to finish this building for His honor and glory.

Buying Things For Houseboat

While here in Manaus we have been buying the material and things we need for the new houseboat, such as aluminum roofing, tools etc. and will take with us along with the motor that has been bought to Cruzeiro do Sul. We thank God for the way He has laid it on the hearts of His people to give toward this houseboat. May God give us grace to use it for His honor and glory in carrying the precious gospel of our Saviour to many who have never heard.

Our health has been good since we arrived here considering the severe change in climate. Sister Hatcher has been sick but she seems to be much better now. Remember them in prayer and we covet that you continue to pray for us.

Yours in Christ,
Paul M. Calley

**DON'T FORGET TO SEND A
SPECIAL OFFERING
"FOR BUILDING" and "FOR
HOUSEBOAT"**

Who Owns The Houseboats And The Launch?

By H. H. Overbey

A pastor whose church has given a large offering for the Paul Calley houseboat has requested us to write a brief article as to the ownership of the boats and launch, etc. that we have made pleas for offerings to buy and build. Baptist Faith Missions does not buy boats and motors for individuals as gifts to them. More than twenty years ago several churches and individuals gave money to buy and build a large launch for a missionary. This launch was used for one long journey and then sold for about half the cost to build, and the missionary kept the money and used it personally. We did not have anything to do with this. It was done before our time as one of the leaders in this work. Baptist Faith Missions does not buy anything and give it to missionaries to use for a while and then sell it and keep the money. All houseboats, launches, motors, etc., that are bought by Baptist Faith Missions, are bought with funds designated for that purpose — AND these boats and motors are the property of BAPTIST FAITH MISSIONS. Each boat is in the complete charge of a particular missionary and it is his to use in the work the same as a pastor uses a parsonage. The missionary is responsible to take care of the boat and motor and keep it in good state of repair, and he may use it as if it were his own, and he has complete charge of it. However he may not sell it unless the mission authorizes him to do so and then the money is to be turned back to the mission. With this set up, if a missionary dies, or leaves the mission, the boat is then to be turned over to another missionary to use. The New Aluminum Houseboat "La Nave Evangelica" and motor in Iquitos, Peru are the property of Baptist Faith Missions. This boat and motor are in complete charge of Mitchell Lewis. Also the small 2 H.P. outboard motor and boat that is used by Simon Gaima in Iquitos, Peru is the property

of Baptist Faith Missions. The Houseboat—"Embaixador" in Cruzeiro do Sul, Acre Territory, Brazil with two outboard motors and the small boat "The Little Helper" and small outboard are the property of Baptist Faith Missions and are in complete charge of Bruce Lunsford. The new large houseboat—"Embaixador II" now being finished and the motor and equipment for same are the property of Baptist Faith Missions and are in complete charge of Paul Calley. Paul Calley and wife plan to live on this boat permanently as well as travel on it. The new launch and engine and equipment are the property of Baptist Faith Missions and are in complete charge of John Hatcher. The engine and many other items are bought and on hand but the launch is yet to be built. The boat in Faro that is used for trips there is the property of Baptist Faith Missions and is in complete charge of John Hatcher. The new motor at Codajaz is the property of Baptist Faith Missions. This is used by Miguel Ibernorn and is in his charge. The church at Codajaz is paying Baptist Faith Missions some each month or so until this motor is paid for then it will become the property of the church in Codajaz. When you send offerings to help buy boats and motors, rest assured that they are the property of Baptist Faith Missions and will be used the Lord willing on and on until they are worn out or replaced. When you send your offerings to Baptist Faith Missions, all offerings are used 100% for missions, and money to buy boats and motors and build buildings are designated for that purpose and only designated funds are used as such. Rest assured that when you send your offerings to Baptist Faith Missions that you are not helping to build an estate for anyone. Now ask the Lord how much He would have you give to help finish the Church and Preacher's School Building in Manaus and the Paul Calley Houseboat and then send your offering so designated.

The Home And Foreign Mission Boards Of The Southern Baptist Convention Have Nearly Thirteen And A Half Million Dollars In Stocks, Bonds and Savings Accounts.

By H. H. Overbey

The 1957 ANNUAL of the Southern Baptist Convention reports that the Foreign Mission Board has a total of \$10,237,428.14 in Stocks and Bonds. It also reports that Home Board has a total of \$2,000,454.39 in Stocks and Bonds and \$1,212,958.32 in savings account. This makes a total of \$13,450,840.85 that these two mission boards have on hand in Stocks, Bonds and Savings Accounts. Thirteen million, four hundred fifty thousand, eight hundred forty dollars and eighty five cents, in Stocks, Bonds and Savings Accounts. That is a lot of money. That would support 2,241 missionary families at the rate of \$500.00 a month for one year.

According to page six of the February 6, 1958 issue of the WESTERN RECORDER the Southern Baptist Convention's 1957 budget to support its seminaries, boards and agencies is eleven million dollars. The amount on hand in Stocks, Bonds and Savings Accounts

is enough to support all these "agencies" for a year and two and one half months without receiving a penny in offerings for that period of time. Great is Diana "The Cooperative Program".

Kentucky Baptists Give \$1.56 Each For Missions Causes Outside The State Of Kentucky In 1956.

In an editorial by C. R. Daley on page four of the February 20, 1958 WESTERN RECORDER we get the following information. For the year 1956 Kentucky Baptists gave an average of \$33.41 each for all purposes. Out of this \$33.41 the local church kept \$27.48 and let go \$5.93 per member for all mission purposes. Out of this \$5.93 for all mission purposes \$4.37 was used in Kentucky Baptist work, leaving a total of \$1.56 average per member of Kentucky Baptists for mission work outside the State of Kentucky, or which went to the Foreign and Home Mission Boards.

A comparison in 1956: Baptists in the Detroit River Association gave an average of \$95.74 for all purposes. They gave an average of \$26.21 per member for all mission purposes. They gave an average of \$14.78 per member to Baptist Faith Missions or foreign Missions.

Hopes To Preach In Spanish Soon

By Walter Lauerma

Iquitos, Peru
March 17, 1953

Dear Brother Overbey,

This month has seemingly been a month of confusion, but is getting somewhat back to normal. After the death of our child, Sandy, then Carnival time was here which is three days of seeing how much damage or injury you can do to one another. It was so bad this year in Peru that legislature has passed a law for only one day next year. The Catholics also have been carrying an image of the Virgin Mary on poles on their shoulders to get money for their church. They wail, lament and scream as they pass through the streets. What a mess! You have to see it to believe it.

It seems like the past month has really flown by, and one thing I have learned in the death of our daughter that at times time is so short. She was here and well on a Sunday morning and home in glory on Tuesday morning. Christian friend, time means nothing to our Sovereign God but is to us. I think this is the most neglected thing of our service to our Master that time is so short. I pray that from experiences of the past three months that I may take advantage of the time more.

I have visited some again with Brother Castro this month. My! some of the pitiful conditions, homes that are not fit for hogs to live in, yet these people seem to be happy. Brother Lewis has been back since March 1st, and we have been quite busy getting him ready to move into his room, and for us to move into their home until Sister Lewis will be able to return again. We sure will be glad to get settled down again. We went with Brother Lewis for a ride in his new boat, it is really nice. We intend to make a trip together and visit all the places where we have work. Brother Lewis also intends to go up the Tigre River and to visit Sgt. Rios, who is a member of the church here, and to preach along the way. We are back to the Spanish hard again and hope to start preaching some real soon. Again I say I can hardly wait to start preaching. We want to thank all the churches and individuals who sent cards and letters in the behalf of the death of our child.

Walter F. Lauerma

Aluminum Boat Is Now Finished

(Continued from page one)

cult tasks and that is door to door visitation. He is also preaching Friday nights in a home about seven blocks from the church building.

Again I have occasion to thank Baptist Faith Missions and that is for their help toward the expenses of my wife's sickness. I thank those who met my wife at the airport and especially Bro. Overbey who is helping my wife as she goes through the Ford Clinic.

By His Grace,
Mitchell Lewis

**We did not receive a letter from
either Brother Hatcher or Brother
Lunsford for this issue.**

SIMON TRAVELING THE OLD WAY AND THE NEW WAY

Simon Gaima in the new boat with the two H.P. Penton outboard motor. The supplies and gasoline can is in the boat and covered up, and Brother Gaima is ready to start his journey.

The hard way. This is how the journeys have been made in the past. Our Brother sits in the front of the boat and paddles to his destination, which sometimes takes him all day and sometimes more than a day.

The easy way. Simon Gaima is starting out from "Morona Cocha" lake at Iquitos. From "Morona Cocha" at Iquitos, to "Mapa Cocha" up the Nanay river is: one day by paddle or two and one-half hours by motor. This boat and motor are the property of Baptist Faith Missions.

Your Response Is Greatly Needed For Building And Houseboat... NOW!

By H. H. Overbey

The two greatest needs at the moment are the funds to finish the church building in Manaos and the new large houseboat for Paul Calley and wife to live and travel on. It is only four months till time for the John Hatcher to come home on furlough and Brother Hatcher wants to finish this building before he leaves. To do so we must have the designated offerings at once. The man has been building the houseboat for about a year and a half. He needs to be paid for his lumber and wages. How much is needed? It is very hard to estimate, and the prices are continually changing. The best we know how to estimate: we need about \$3000.00 to finish the church building. This is purely a guess.

To finish paying for the houseboat in full we estimate that it will take about \$1100.00. Brother Pastors: we plan to ask Canfield Avenue Baptist Church to have another special offering in April for both the building and the houseboat. Will you join us and ask your church to do the same?

HOW IT CAN BE DONE...

By H. H. Overbey

Mrs. Bona Keith, Borger, Texas, sent a check for \$10.00 advising that \$5.00 was for the New Building in Manaos and \$5.00 for the Paul Calley Houseboat. This is a good example of how both the building and houseboat can be paid for in full. If each reader would send in an offering, if only for a dollar, or two dollars or more, Brother Hatcher could finish the building right away and Brother Paul Calley could pay for the houseboat in full. Send your offering marked "For Building" and "For Houseboat".

If you want a sound Baptist High School to send your son or daughter to, write to Mountain State, Alderson, West Virginia.

Observations On Mountain State School

By Louis A. Maple

INVITED TO PREACH

I was highly honored to be selected to bring a week of meetings at the Mountain State Schools in Alderson, West Virginia. We were thankful for the opportunity. We had never been there before and certainly received some surprises—some good and some not so good.

ENORMOUS BUILDINGS

We were really impressed as we drove up the hill from the little town of Alderson, West Va. and saw this great, impressive looking institution on the hill. We understood the work was supported by only a few churches and for the most part small churches as our own East Maine in Des Plaines, Illinois, and Canfield Avenue in Detroit, Michigan. So when we saw the spacious grounds, the nice little lake, the massive buildings—we were really impressed.

Soon after arrival we were shown around the whole institution. The size of the place was immense with four complete floors in the main building alone. It was quite complete with cafeteria, basketball court, class rooms, dormitories for both boys and girls, apartments for staff and faculty, offices, library, lounges, canteen, etc.

FINE STUDENT BODY

The student body was certainly a fine group. They appeared to be above average in many ways. The musical talent was exceptional for the high school level. Almost all the students take music in some form and the chorus and special singing for the meetings was very good—better than some in college I have heard. They had a surprisingly good basketball team. I understand they have won almost every game this year. The high character of the students was noticeable. They did not run in the halls, never were boisterous, and always cheerful and courteous. They certainly seemed like above average high schoolers... certainly a good atmosphere for any young Christian boys and girls interested in a Christian high school.

EXCELLENT FACULTY

The order and the efficiency that Edward Overbey, the principal, has established there is remarkable. Everything done was smooth and proficient. You immediately got the impression that this was a first rate school. There are three things I think that make the faculty of Mountain State Schools out-

standing: Scholarship, high Christian character, and soundness in the faith once for all delivered.

Scholarship—It is doubtful in my mind if many high schools anywhere have the equivalent in teachers with the formal training that these in Mountain State School possess. To mention briefly where they all received their education and training would easily illustrate this point. The principal, Edward Overbey, both Wheaton College and the Northern Baptist Theological Seminary; Benson Maple, Baptist Bible Seminary, Baylor University, Wheaton College Graduate School; Carl Picklo, Wheaton College, as well as work from Wayne University; Mrs. Diane Picklo, National Teachers College and Wheaton College; Kenneth Overbey, Wayne University. These institutions are noted for high scholarship. In the Wheaton College graduating class of 1957 it was found that 95% of those graduating had been valedictorians in high school.

Christian character—I have been associated with the staff in several ways. After knowing them all for years and working with almost everyone of them in church, college... I could not recommend anyone, anywhere as highly as I could all of these instructors. I know them and have known them and confidently say that they are all of the very highest Christian character.

Theological stand—There is no modernism or liberalism or any "ism" in any of these teachers. I know personally that they stand square upon the Word of God with no compromise. Their doctrinal beliefs I'm sure could be summed up by saying they are all of the old time, historical Baptist persuasion on all points.

Where could you find a more excellent faculty to teach high school students in all the world? I doubt if you could.

NEIGHBORING CHURCHES

I was pleased that there were apparently several churches near enough to the school that students and faculty could have their membership right there and be permitted to work in a New Testament church while living at the school. The nearest church in fellowship with those interested in the school appeared to be Rollynsburg Baptist in Talcott where Bro. W. Beaver is pastor. The faculty and many of the students appeared to be active members in this fine church. Bro. Beaver is sound in the faith and pastors a very fine Baptist church. I was privileged to preach there on the Sunday that I visited.

THE NEED

It was immediately apparent to me that there was a need for more financial support to fix up more dormitory rooms, crushed stone for the driveway, and to furnish a more adequate science and music department.

There were some other needs too, though they were not immediately apparent. But by working closely with the whole staff, even to playing basketball with the boys, I discovered several surprising things. I never heard a touch of resentment about finances yet this great team of teachers live on a shoestring. Mr. and Mrs. Picklo together make a total each month of \$100.00 salary. Mr. Benson Maple with a family and much sickness was making \$100.00 a month. Mr. Kenneth Overbey, the only single member of the faculty was accepting only \$50.00 per month (in addition to food and lodging for all). Still later I discovered that for the school to pay outside school bills the teachers further were voluntarily behind receiving even what salary they do make, with the principal always the furthest behind. I am sure they are behind on salary now as I write this report, at this very moment. Yet they were all happy. They were serving the Lord. I marvelled at the teachers. There were discomforts in other ways also and sacrifices for Christ. Coming from near Chicago I especially appreciated their labor of love there for I know that they know they could each make between \$5,000 to \$6,000.00 teaching here in the north if they chose to do so.

My expenses for the trip were to be paid by the school. But when I got a feel of the need and of the greatness of that school I began to think in terms of what I could for them, not they for me. I didn't see how I could pay my own expenses, but when I saw what I saw there, I soon figured out a way. SO WOULD ANYONE ELSE WHO CAN SEE WHAT IS GOING ON THERE.

I came home and told our church about it and they immediately did more for the school. I feel sure that if many others knew what is going on there for the glory of God, the high quality and standards, the results being accomplished, and the tremendous need for more financial help, that surely they would want to give a helping hand to this movement of God's.

They need the help right now!

Pastor Francisco Santiago in the center and Mrs. Paul Calley standing on the porch of the new Tabernacle church building shown on page one.

A new preaching point called Sao George on the outskirts of the city of Manaus. This is outside in the yard of a home. John Dias is preaching. Note the Alladin lamp on the table.

Answered Prayer

By H. H. Overbey

Each Monday morning a group of pastors in, and near Detroit, meet at ten o'clock to pray. We have been doing this for a long time. One week we meet at Grace Church, then the next week at Canfield Avenue, then at New Hope, then at Ryan Road and then Emmanuel. Then we start the rounds again. Each pastor tells of his burdens and requests, and then each one prays. The time spent in prayer runs from one to two hours.

Each Monday last month, we requested prayer for special offerings for the Paul Calley Houseboat and the Brethren got burdened about it and really prayed about the matter in earnest.

The results—a total of \$995.79 for the Houseboat was given in March—AND—\$810.00 of the total was given by five churches whose pastors were present in these prayer meetings. One Kentucky pastor was with us one Monday in prayer and he went home and led the church he pastors in a special offering.

In issue after issue of this paper for years we have requested that you pray about the needs and offerings for missions. Why not come out and ask for offerings? Because, if you will pray about it and ask the Lord what He would have you give, He will lead you, and enable you, to give.

THE PAUL CALLEY FAMILY. Before leaving for Brazil, Mrs. Calley advised us that many people had asked her about pictures of their family. Here it is, taken just before leaving for Brazil one month ago. Top row left to right: Daughter Barbara (Mrs. Don Taylor), Paul Calley, son Leslie, son Carl and daughter-in-law Marlene (Mrs. Carl Calley). Bottom row left to right: Son-in-law Don Taylor, Mrs. Paul Calley and the four grand children, two boys and two girls. Leaving these behind was the hardest part of going to Brazil.
