John Hatcher Organizes Church at Chapada Wallace York Preaches First Sermon In Portuguese

The Wallace Yorks. Wallace York preached his first sermon in Portuguese three months and ten days after arriving in Brazil. He took a 40 hour course in Portuguese in Cincinnati before leaving for Brazil and did a lot of home study and this helped a lot when he arrived in Brazil.

Wallace York Preaches First Sermon In Portuguese 3 Months and 10 Days After Arriving In Brazil

By Wallace York

Dear Brethren:

Being Tested

After some of the trials we had in September we were ready to paraphrase the description of the Amazon Valley as the "land of eternal summer" as the "land of infernal difficulty." Before Karen's toe and finger had healed, Hershael, our 7 month old son took sick with an attack of asthma. We called a doctor and upon examination said he also had "thrush", a mild fungus infection of the mouth which makes nursing and eating very uncomfortable. He also suggested we have a test made for diphtheria. We were very thankful for a negative report on the test. Evidently some of the medicine we doctored him with caused a reaction and he broke out with a rash something like infantigo which caused more discomfort and concern but with proper medicine and the loving care of his Mother, God has richly blessed and the baby is now well.

As a matter of fact, looking back upon these experiences, I am reminded of the Israelites in their journey from Egypt to the Promised Land for God has led us from the "bitter waters of Marah," as it were, to enjoy the sweetness and blessedness of the "fountains and palms of Elim." We all have these "bitter water" experiences and we are able to endure them for the elect's sake but Jesus has promised that He will never leave us nor forsake us; therefore, we draw strength

and courage from Him. But after these experiences it is such a blessing to be led of the Lord into a place of rest and encouragement — a place where the "inner man" is renewed by the presence and fellowship of the Lord.

The blessings of the past month are too many to enumerate here but I would like to mention several of them that you may know that God is faithful to His servants were ever they may be. For instance, Doris had to drop her Portuguese class because of the many responsibilities at home, but now is taking lessons again from Professor Garcia with the Creiglows. We are very thankful for this as it is important for the wife to be able to

WALLACE YORK PREACHES FIRST SERMON IN PORTUGUESE

speak the language for household reasons and also to be able to help in the work, teaching women and children.

Preaches First Sermon in Portuguese

The Lord has richly blessed me and I am able to be a little more useful in the services than I was. Shortly after writing the last letter for the "Mission Sheet" I began to pray in Portuguese which was some progress even though the praying was rather limited. Then a couple of weeks ago Brother Hatcher went to Terra Nova for services and I had the privilege of leading the singing for Sunday School and Church and also made a couple of announcements. I wanted to preach but wasn't that far advanced so Brother Julio Dantes, a very promising young preacher, taught the lesson and brought the message in worship service.

However, neither the privilege nor the opportunity to preach were too far distant as Brother Hatcher is now going to Terra Nova every other weekend to help the church there and today, (October 23, 1960) in his absence, I led the services at the Chapada Baptist Church. I led the singing in Sunday School and Brother Manuel Costa, one of the students from the Preacher's school, taught the lesson. It was also my privilege to lead the singing in the worship service but a far greater blessing to do what God called me here to do . . . preach the Word! It was a marvelous blessing to be able to stand behind the pulpit again and open the Bible and proclaim the Word of God. Believe me, after not getting to preach for three months, I was more than ready to try.

My message was "The True Rule of Faith," taking John 2:5 as my text and developing the thought of the importance of doing "Whatsoever He saith unto you" in comparison with the false rules of faith that exist in the world. I thought at first I would try reading the sermon and then I decided just to use my notes and God blessed me and I was able to preach 45 minutes. Since preaching the Word of God is what we have been called to do and what every God-called preacher lives to do, pray that God shall give me this privilege here for many years to come and that His name shall be glorified through the salvation of lost souls who come to Him as a result of my preaching.

Although we cannot be at the Conference this year we would like to encourage every church to send their pastor and enjoy some of the sweetest fellowship this side of eternity at the Canfield Avenue Baptist Church with Brother Overbey and people.

Lauerman Rested. Ready To Go Back To Peru

By Walter Lauerman

E. St. Louis, Ill.
October 28, 1960

Dear Brethren:

I guess I have had a vacation this month. After many months I feel rested. Pray for all of us. We long every day to be back in Iquitos, Peru. You many times want to get away from there when you are there, but after 3 months here we are more than ready to go back.

I have visited some churches this month though. On October 1 and 2, we were with the Bible Baptist church, Springfield, Ill. Bro. Samuel Vaughn is pastor. I was pastor here when I went to Peru and this church sent me out as missionary to Peru. We have many good memories from this church. Friday, October 15, the Grace Baptist church of Wash. Ill. was organized and we were present. Bro. Mitchell Lewis started this work and was called to pastor this new church. Pray for Bro. Lewis and this new church. Bro. Lewis was of course missionary to Peru through B.F.M. for several years. I spoke at the Crete Baptist church, Crete, Ill. on October 16, Bro. James George is pastor. That night we went to E. Gary, Indiana and was with the Little Jordan Baptist church, Bro. Warren Wilkerson, Pastor. We also were there October 17, October 18 and 19. We went to the Hazelcrest Baptist church near Chicago, Ill., and had a good time there with pastor John Reed and the church. After coming home on the 20th, we preached at a fellowship meeting at Caseyville, Ill. Bro. Dick Dickerson, pastor. May the Lord bless each of you.

Yours in Christ,
Walter F. Lauerman

John Hatcher Organizes Church at Chapada. To Build Two Story Preacher's School Building

By John Hatcher

Manaus, Amazonas
October 25, 1960

Dear Brother Overbey and brethren:

We are sorry to have heard in the last few days that Sister Overbey has been sick and in the hospital. We have remembered her in our supplications to the Lord and hope that by now she is on the road to recovery. To us and to many others Sister Overbey has been a real blessing and inspiration not only in her godly life but in her sacrificial missionary spirit as well.

Needless to say it would be a blessing to us if we could come to the Annual Missionary Conference this year at Canfield Ave. Baptist Church but certainly our prayer is that God will

pour out His blessings in a special way, and that many will attend. The past month for us has been a busy one for which we are thankful. Perhaps the most important happenings has been the organizing of the

Chapada Baptist Church

On the 25 of September the brethren and pastor of the Tabernacle church met with the mission at the Chapada at which time the Chapada Baptist church was organized with 17 members. This work has been and still is quite slow but we thank the Lord for what has passed and take courage. The new church called me as pastor and I accepted. The work in the Chapada was started about four years ago and shortly after the Tabernacle church bought a small house in that area where we have been meeting ever since. The new church is planning to build a new addition to be used for a Sunday School and also for a day school.

Work Started on Preacher's School

After we finished the new building for the Tabernacle church the city cut a new street through in front of it leaving the church sitting on the top of a bank almost three yards high however the nice wide street is to our advantage. Now before starting work on the preachers school building we have had to build an entrance for vehicles and a stair entrance. The large entrance is almost finished and the stairs we hope to pour next Monday. We hope to start preparing the foundations for the actual building in the next week or two. In order to prepare for future growth and take advantage of our lot but at the same time economize we are planning to change our plans to a two story building. I will try to send pictures before next month of what has been done.

Preachers School

We are having our best quarter in the preachers, that is, best from the standpoint of attendance and interest etc. Our new quarter will start in January so pray that God will send us new students. May the Lord bless each of you and remember to pray for us.

Harold Bratcher Makes Journey To Tefe. Teaches Preachers

By Harold Bratcher

Manaus, Amazonas
October 20, 1960

Dear Bro. Overbey:

By the time this letter reaches you and is printed and reaches the readers of the Mission Sheet, the Thanksgiving Conference will be near at hand. We do pray the Lord's blessing upon all who will have a part in the Conference.

This month has been another busy month for us here. I have thought of the Patriarch Job several times this month and have compared myself to him. Not because I have become patient or steadfast like Job but because I like Job have been afflicted with boils. However, whereas Job was cov-

ered I have only had two. I am thankful that now they are past and gone.

I have enjoyed the classes I am teaching in our Bible School. Today in Theology we studied "A Doutrina do Inferno" (The Doctrine of Hell). We are using two books this quarter. In addition to Bro. T. P. Simmon's book we are using a book on doctrines by Bro. W. C. Taylor.

On Sunday night of October 2nd I had the privilege of visiting with the Creighlow's the Calvary Baptist church. Bro. Dias, the pastor, gave me the opportunity to preach. The attendance was small. Do remember this church in your prayers.

Bruce Lunsford Sends News From Peru. Starts New Mission In Iquitos

By Bruce Lunsford

Iquitos, Peru
October 25, 1960

Dear Bro. Overbey and Brethren:

Everything seems to be going along well here, so far as the work is concerned. The brethren have been going on their regular preaching trips, with the usual reports when they return, except for Bro. Gaima.

Mapa Cocha

His report of Mapa Cocha is that the people, mainly children, who come to his services, only stay inside for the singing, and then go outside to play. He says that they make an unusual amount of noise outside, and he thinks they have been told to do so by the priests. Probably the priests have asked their parents to have them do so. He seemed to be a bit down hearted about it, but it may be one of those things which will change with a few services.

Hojeal

Bro. Marcial was to have completed a house in which to live in Hojeal. Merely a thing of leaves and poles, but one which most of the people there are satisfied to live in. The Church building in Hojeal had to be rebuilt. They took cement there to make a cement floor, and when they took out the poles upon which the other type of floor was to have been laid, the building leaned a few feet. They examined how deep the poles had been put in the ground, and found out that they were about half as deep as they are ordinarily put. Brother Marcial told the men who built it that they would have to help them take off the roofing, take it all apart, and rebuild it. Some agreed to help, and one refused. Bro. Marcial told him that he had helped to build it on a contract, and that it hadn't been put up right, and if he didn't help, he would have the police to come and take him to jail. He helped also. It was taken down, rebuilt, and was so they could use it last Sunday.

Tamshyaco

I went to Tamshyaco with Bro. Alfonso. There were about 40 people at the service. Bro. Alfonso said that was the most in many a service, but was due to the accordion. We hope to get a better building there. The one now used is the home of a widow woman. I got a picture in the afternoon of the front of the house with a few neighbor children and Bro. Alfonso and the old woman who owns the house. There is a house which I think we can rent for about \$6.00 a month. It would be an ideal house for the services. If we can get a promise of it for one year, at a fixed price, I think it would be a good thing for the mission there.

Orellana

Bro. Gaima took the remainder of Bro. Javier Freitas furniture to Orellana for him last week. His house was not quite finished, but he was going to begin using it while it is being finished.

Belen

Bros. Gaima, Castro, my son, Robert, and I visited in the Belen section last Sunday afternoon, and found a house where we would be welcome for regular services. Last night was the first time, and the house couldn't hold the people who

came. A man came to the services who lived close by, and said his house was larger and we were welcome to use it. Next Monday night we are to use the same house, and maybe later use his house. After we had sung a song or two, the neighbor turned on his radio as loudly as it would go. It had to be a battery set, because there is no electricity in that section, and the battery was low which caused the words on it to be blurred. I don't think it bothered anyone who was in the house. They listened well.

Pray for us, the workers, and the work. May the Lord bless all of you there.

Yours sincerely,

R. B. Lunsford

HAROLD BRATCHER MAKES JOURNEY TO TEFE

(Continued from Page 2)

On Sunday, October 10th, I made a trip by plane to Tefe. This is a town of about 2,000 and has no church in it but Catholic. This is the first stop that the plane makes on the way to Cruzeiro do Sul. I visited the home of a couple from England who have a mission there and have been living there about two months. The people who have been attending their mission are certainly doing so without the approval of the priests and are subject to persecution by the priests. This couple is with an interdenominational mission from England. I hope and pray that some day there will be a Baptist church in Tefe but after my visit I am convinced that the only way

we could have a mission work there would be to have someone living there.

Sunday, October 16th, I taught my Sunday school class in the morning and then had the privilege of preaching at Zion Sunday night.

Before I close my letter I want to tell of a good deed my wife did recently. (She doesn't know I'm writing this.) She noticed that the three children of one of the families of the church were not attending church with their parents. She kept asking the mother why she was leaving her three little girls at home and not bringing them to church. She finally learned that the little girls didn't have clothes and shoes to wear to church and the father was too poor to buy them. Maria met the mother in town the next week and bought dress ma-

terial and shoes for the children. Now the children are back in Sunday School and church services with their parents.

Friends, remember all of us in your prayers. Bro. Creighlow and Bro. York are busy studying the language and Bro. Hatcher keeps busy with his many duties and responsibilities.

Yours in His Service,

Harold Bratcher

Creighlow Studying Portuguese. Tells of New Experiences

By Bob Creighlow

Manaus, Brazil
October 20, 1960

Dear Brethren:

The month has passed and very fast it seems.

We have attended services in some of the churches, but as yet have not gotten around to all of them. When we were staying with Brother Bratcher and his family we went with them to Zion Baptist Church where they are members. Brother Melo is pastor there. Since we have moved to our own house we have been attending Calvary Baptist Church where John Dias is pastor. This church is just about a twenty minute walk from our house. We hope to visit the Salem Baptist church this week, Manuel Sarmiento is the pastor here. After this visit we will decide where we will place our membership. We were also happy to be at the dedication service of the new Bethel church building.

We stayed with the Bratchers for almost four weeks and then we rented a house and started to get furniture. We are thankful that we can use the household goods that the Lunsfords have here, and also a stove and a bed that we borrowed from the Hatchers. The children wanted to sleep in hammocks so that is what they have for beds. When we bought these and gave them to the children I told them they could now do what Jesus told the sick man to do, "take up your bed and walk", so they carried them home. We have bought a refrigerator and a few other things trying to get by on as little as possible so it will be less trouble and expense to move when we go to the Acre Territory.

When our refrigerator came, some of the parts were missing and we have gone back five or six times about them and each time they tell us that they will send them tomorrow. I think they believe that tomorrow never comes as we still do not have them. I think everyone here has a motto that is "don't do today that which you can put off until the next day or next week". You just don't hurry them in

CREIGLOW STUDYING PORTUGUESE. TELLS OF NEW EXPERIENCES

anything, so we have learned to just take things in stride and not worry about them. Although the man that had the house rented before, paid the electric for the month of September, they turned it off anyway, and they will not turn it back on because the lines are overloaded now. We don't miss this much anyway.

The Lord has been very good to us. We are all in very good health. I had lost about six pounds the first few weeks, but now we all weigh about the same as we did when we got here. We do very much walking and the sun is very hot, but we have been eating good and holding our weight.

We study Portuguese with Prof. Garcia each morning for an hour, and then four afternoons each week. There is a young man by the name of Getulio Da Silva Pessoa who comes to our home for two hours each day to study

Pastor Melo and the "Old Patriarch" John Astaciao who is now about 90 years old. Picture taken by Harold Bratcher on recent journey to the old "Patriarchs" home and the church on The Parano dos Mouras River in Acre Territory.

with us. He has helped both Bro. York and Bro. Bratcher and I know he will be a big help to me also. I ask him what his fee would be for teaching and he said this is his way of serving the Lord and would not accept any pay.

We ask all to pray for us as we study, because we know we are slower in learning than the others before us and need the prayers of all.

The most depressing day of the week is Sunday. We go to church wanting to be fed on the word of God, but because we can not understand we must go away hungry. We knew before we came that this would happen, so just pray that God will hasten the day that we can speak and understand.

When we see the people make the sign of the Cross as they pass a statue or a Catholic institution it makes us think of the city that Paul spoke of in Acts 17:16. The city of Athens was wholly given to idolatry, and for the most part we can say that of Manaus.

We pray that you all will have a spiritual feast at the Thanksgiving conference this year.

May the Lord bless all of you for His glory.

Yours in Christ,
B. D. Creiglow
