WILL YOU HELP GIVE 50,000 DOLLARS?

by John Hatcher

A little story comes to my mind that I heard or read sometime ago and I would like to pass it on to you.

A ragged beggar stood along the side of a road in an oriental country asking alms of all who passed that way. He was ragged and his beggar's sack hang from his shoulder. As he sat quietly awaiting the approach of travelers from which to beg there appeared in the distance a beautiful coach drawn by the most beautiful horses that he had seen.

"He who rides in this coach must be very rich," he thought, "and surely he will give a large gift."

As the royal coach came to a stop the expectant beggar was quite surprised to see that instead of giving an alm the occupant of the coach extended his cupped hand asking an alm of the beggar.

Not knowing exactly what to do the impoverished opened his dirty sack and took out of it the smallest thing that he could find—a grain of wheat. The extended hand received the tiny gift, the door of the coach closed and the unknown traveler went on his way.

That night great was the surprise when the beggar's sack was emptied out upon the top of an old wooden table. There among all the gifts he had gathered during the day was a tiny shining object. Quickly taking it in his hands he recognized it as a grain of wheat which had been turned into gold. Then he understood, he had been rewarded according to his deeds.

"Oh!, if I had only given him my all. What a fool I have been," the beggar sadly commented.

Is it not written that as a man soweth so shall he reap? The hand of God's work is extended to us, not as one who begs but as one who offers to us the opportunity to transform all that we have into eternal blessing. One day many will be the persons to bitterly cry, "Oh!, if I had only given Him my all."

The hand of God's work in Manaus for the Preacher's School, Primary School and Baptist High School is asking you to give \$50,000. For what? To build a Boy's Dormitory, apartments for married students, more class room space and to take advantage of the great opportunity that God has offered us in our Brazilian Baptist work.

The cattle on a thousand hills are the Lords and the earth and all its fullness. Will you sell one of those cattle or some of that substance that He has committed into your hands and offer it for the Lord's work in the Baptist Schools in Manaus, Brazil. May God lay it upon your hearts to see the need and then give the need. Remember I do not want you to give the money to me but as God leads you send it to Baptist Faith Missions designated for the Building Fund. And as it is used the financial reports are made accounting for every penny spent. We need your help and hope that you will feel the need to help.

OUR TRIP HOME

(Special report by John Mark Hatcher age ten)

Saturday June 22, 1963—We took off from Airport at 6:30 A.M. heading for Belem. At 7:00 we were served a very fine breakfast on the plane. Arrived in Belem at 5 'til 10 and got into an express to go to the Grande Hotel.

We got in the elevator and went to our rooms. At 12:15 we went down for dinner and then came upstairs to take naps. This afternoon we went down town to look around and to buy several things for mother. We also went down to the Varig office and found out that the Caravelle, French designed jet, that we were to leave on would leave the next morning. Then we went back to the hotel to get mother and take her back down town to look around. Then we came home to eat supper, then got baths and went to bed at 10:00 p.m.

Sunday, 23,—At 6:30 we got into the car and went to the airport. We took some pictures and waited for the plane. At 7:02 the jet arrived. It was refueled with gasoline and gotten ready to go. At 8:00 we got on the plane, ran down the runway and soared into the air. At 8:10 we washed our hands with a funny soapy kleenex then we were served breakfast.

After a few hours of traveling we landed at Port of Spain and stayed there for about 50 minutes, by guess. Then we got into the jet for a 50 minute flight. We were served a good lunch and after that we landed at Caracas and had a 20 minute delay. Mother had the chills and daddy stayed with her. Lynn didn't want to go and Kathy did not have her shoes on so just us three boys got out of the plane. When we came back to the plane David and I took pictures of the airport then the plane soared into the air for a flight of an hour and several minutes. At about 15 'til three we landed in San Domingo and delayed there for about 30 minutes. We then got into the plane and left for Miami, Florida. In the jet bathroom there were paper

STATION WAGON

HERE IS HOW WE STAND. We received \$379.12 in June and we need about \$850.00 more. We request all pastors and churches to please make this a matter of prayer and then have a part in it. Send your offerings marked "For Station Wagon".

TEACHERS AND BUILDINGS

We need more churches to give to the support of the teachers of the schools in Brazil. Brother Pastor why not lead your church to give to this each month. Send offerings marked "For Teachers". John Hatcher reports that we could have 500 students if we had the room for them. We need more new buildings. Read Brother Hatcher's plea for fifty thousand dollars and then make it a matter of prayer that it may be raised in one year.

The Bobby Creiglows are to arrive home this Month (July 1963) for a year of furlough. They will stop off in Florida and visit relatives before coming to Cincinnati and Alexandria, Kentucky where they will pick up the new Falcon Four Sedan. The Hatchers will use the Station Wagon used by the Bratchers the past year. We had hoped to have an up to date picture of the Creiglows to run in this issue but did not get one. The Creiglows have worked hard and have been faithful and greatly used of the Lord their first term on the mission field. This is the first time we have had two missionary families on furlough at the same time. But we have grown some.

The Mayfield Houseboat in Iquitos Peru. This is the boat that was wrecked in the storm and we feared would be a total loss. This is how it looks after being rebuilt. It is packed and ready for the start of the long trip up river to Pucallpa, Peru. The two drums in the front are extra gasoline. The drums on the roof deck are filled with water. The Aluminum boat, and outboard motor, is towed behind the houseboat.

The Del Mayfields leaving the port of Bella Vista, Iquitos Peru for their long journey up the Amazon and to Pucallpa their home and headquarters for their work. This boat has a six cylinder 100 HP Ford Falcon engine adapted to marine use, with an Eaton Propeller Unit. The engine is installed in the rear and does not take up space inside the living quarters.

A BUSY YEAR VISITING CHURCHES WHILE ON FURLOUGH ... TO LEAVE CINCINNATI OHIO FOR BRAZIL ON JULY 8th THE LORD WILLING

by Harold Bratcher

Dear Brother Overbey:

This will be the last Mission Sheet letter that I'll write in the United States for a while. The Lord willing, when the time comes for the writing of the next letter, we'll be in Manaus, Amazonas, Brazil, S.A.

This month has been another busy one. We have now finished with our shots, have secured all the necessary documents, and have moved from our apartment in Richmond. There still remains some more buying of clothes and packing, etc.

The Lord has given me the privilege of being in some more of the churches. On Friday night, May 24th we closed the meeting at Greenbriar, Estill County, where Lewis J. Willers is pastor. The Lord gave us a total of 3 professions of faith and 1 addition by letter.

From May 26th through June 2nd I was with Pastor Homer Crain and the Gethsemane Church of Taylor, Michigan. The final visible results of that meeting were 3 professions and 6 rededications.

On Sunday, June 9th, I preached at both services at Mount Pleasant church near Nicholasville, Ky. where Johnny Thompson is pastor. There was one profession of faith at the morning service which gave us something else to thank the Lord for.

On Sunday afternoon, June 16th, I spoke at the Homecoming service at Newby Church where Jim Orrick is pastor. That night I preached at Beech Grove Baptist Church in

Estill County, Ky. where Gentry Farmer is pastor.

On Wednesday, June 12th, I preached at Annville Baptist Church in Jackson County, Ky. where Harold Stapp is pastor.

Last night, June 19th, I preached at the Julia Baptist Church near Hopkinsville, Ky. where Dempsey Henderson is pastor. That afternoon Brother Henderson took us to Fort Campbell where we received our Yellow Fever shots.

The Lord willing, we'll greet you from Brazil soon. Pray for us.

Yours In His Service,
Harold Bratcher

towels to wipe your hands on that looked like towel material. When we got to Miami we passed our bags through customs. After that we went to our rooms in the airport hotel. There we got our baths and got ready to go to church. Dad had picked three churches to which we could go and then asked the policeman which would be the closest one. The policeman said that Calvary Baptist Church would be the closest so we went to it. After service a man from the church brought us home and bought us some ice cream cones, our first American food. After we got home we watched T.V. for a while and then went to bed. When we woke up the next morning we watched T.V. a little while and then went to eat breakfast about 8:00. We then went down stairs to walk around a little bit then we went upstairs and watched T.V. until dinner. After dinner we packed suitcases and got ready to travel. At 5:45 p.m. we got into a Delta jet and started our trip to Detroit. We arrived in Detroit about 9:40 p.m. and were met by many of the brethren.

UP THE MIGHTY AMAZON RIVER BETWEEN IQUITOS AND PUCALLPA, PERU...127 HOURS TRAVELING TIME IN BOAT... EIGHTEEN TOWNS PREACHED IN...SON EDDIE PREACHES FIRST SERMON WITH THREE PROFESSIONS...GREAT JOURNEY THUS FAR

by Del Mayfield

Contamana, Peru, S.A.
June 6, 1963

We are now in Contamana about 2/3rds of the way from Iquitos to Pucallpa. This being the only town the rest of the way that has a post office, I thought I'd better write and give you the details, and share with you just some of the blessings that has been ours during these days. This has been a wonderful trip, and I know I can never express with words the joys that have been ours.

We left Iquitos the 17th of May after having a three day Bible conference in which I enjoyed preaching very much. That same night stopping at Tamichico where Brother Marcial is now. We had a good service there and I enjoyed seeing several that I'd preached to before. One lady trusted the Lord as her Saviour that had been in service many times before, and many times had disturbed with her laughing, but not this time. Brother Marcial and his family and many others came to see us off the next morning and to wish us Gods blessings.

I'll not be able to tell of every place we've visited and preached, but will take time to tell of the places of interest. First let me say that we've had no trouble at all with the motor or the boat, everything has gone very well. Looking at our record book we've traveled some 127 hours and 10 minutes. Stopping at some 21 towns, and with the exception of three of them have preached at 18. Also we found some towns we thought would sure be receptive not so, and others very good. The larger part very receptive and we thank the Lord for opening the places we've been able to preach. Some 13 have professed faith in the Lord Jesus Christ as their Saviour. I also would like to add here that I've not high pressured people into making decisions, only presented Christ as their only hope, and giving them invitation to receive Him. Now for some points of interest. At Caro Curahuayte many met us at the bank, and several wanted us to have services in their house. Had good service with the house filled and five making profession of faith at the invitation. The next morning many came with eggs, fruit, and fish as gifts for our visit with them. At Restauracion we had services in the school house where we had a good crowd, even though the larger part of the children in the town had the measles. The school teacher and her husband asked us to come back for vacation Bible school in January. Also in the service was a man from San Roque who asked us to stop there on our way, and we told him we would. Arriving at San Roque we visited the school teacher and invited to have services again in the school house. This was the best service in many ways, first of all Eddie (our son) preached his first sermon, and he did very good. We also had the largest crowd. We counted 200 inside with about that many outside that couldn't get in. When Eddie gave the invitation three professed faith in Christ. They also want us to come back for Bible school during their vacation in January. That we hope to do also. At Juancito we were met by a policeman that I knew from Pucallpa. We got a royal welcome from him. One man that had a large store building asked if I'd preach in his building. That he was Catholic but liked to hear us speak. The building that we used was open on all sides and many that wouldn't come in heard us from the outside. The policeman had a garden full of green things when we came, but I'm sure it was empty after he got through giving us lettuce, cabbage, onions, and also a large piece of fish that was delicious. Last Saturday night

and Sunday we were at a place called Yahua. We arrived late Saturday and asked if we could use the school building to have services in, and was turned down, but one fellow said he had an empty house that we could use. Saturday night there was only a few adults and some children, so I told them after the service that we'd stay there Sunday and have service Sunday night. Sunday night we had a large crowd with two men making profession of faith. We left there thanking the Lord for leading us to stay for Sunday service. At Orellana Monday we met a man that said he was a preacher and had lived there for 32 years. Asked if I'd preach in his house, and I told him I'd be glad to, but that I'd like to visit Tuesday and have service Tuesday night. So we visited every house giving them a gospel track and invitation to come to the service. We had a good crowd and was asked to come back soon. We thank the Lord for all His blessings and the many doors that have been opened for us. There are many other things I wish I could picture in words but it is impossible to do so. The river and the many large fish that we saw, alligators, many types of birds and monkeys. Oh yes! I was about to forget. One day we found an Indian's spear that he had lost floating on top of the water. We picked it out of the water and brought it aboard. The next day the fish got to jumping and several jumped on the front deck of the boat, but would flop back in the river. So Eddie got the spear that we had found and in no time had a big one for dinner. We laughed as we ate the fish, saying Moses had nothing on us.

Our plans now are to visit every town above here and to arrive in Pucallpa about the 15th of July. Pray with us that many more will be saved and we'll find towns where we can organize churches.

Before we left Iquitos we received a letter from Brother Juan Castro saying that the church in Pucallpa was doing very good, and that they were praying for us. We were happy to hear that all is going well there. Continue to pray for Brother Juan and his family and the church there.

May the Lord bless you all.

Yours by His grace,
Del Mayfield

WEDDING BELLS. Elnice Holand, Grade School teacher and High School Secretary and Eliziano da Silva, young preacher student in the Baptist Seminary, Manaus, Brazil get married. A fine Baptist couple and we are thankful for them. May the Lord bless them.

BUSY DAYS BEFORE COMING HOME...FAREWELL SERVICES AT THE SCHOOLS... JULIO DANTAS ORDAINED

by John Hatcher

July 1, 1963

Dear Brethren,

Four years have past since we left to go back to Brazil and here we are back in the States once more. It is a blessing to be able visit once more with our brethren and loved ones. These lines are being written in the home of Brother Overbey where we have been since arriving in Detroit. My wife came home with a case of Malaria fever and had to spend about six days bedfast. We are grateful for the hospitality of the Overbeys and their kindness in caring for Mrs. Hatcher. Now I want to tell you about some of the things that happened before coming home.

TRIP TO JETUARANA

The work at Jetuarana is really a part of the work of the Terra Nova Baptist Church where Brother Manoel Costa is the busy pastor. Terra Nova is on one side of the Amazona River and Jeturana is on the other side. The trip was made in a rented boat by both our family and the family of Brother Costa. (This is where Mrs. Hatcher probably contacted the malaria fever). During the afternoon we visited several homes and invited the folks to the service. The children had a good time spending most of the day playing in a borrowed canoe and in the river.

In the last few months there have been about 15 professions of faith in this place. The service was held in the school room which one man in the community has as part of his house. The people started coming early and the house filled with every seat taken. Brother Costa opened the meeting with the singing of hymns and then invited me to preach. It was a wonderful service and at the close there were two men who made professions of faith.

SCHOOL AUDITORIUM UNDER ROOF

As you all recall we decided to build a large school auditorium over the breezeway of the school. Just two days before leaving the last tile was placed on the roof putting it in good shape to leave for the year we are at home.

LAUNCH READY FOR WATER

I think that in another letter of explanation was made about the fact of having to change builders of the launch. This turned out to be a blessing for the launch is going to be much better built. The hull is completely finished and painted and the rudder, propeller shaft etc. are all completed as well as the middle and forward decks.

TRIP TO MAUES

On the 15th of June Brother Julio Dantas and I went to Maues for the purpose of organizing a Baptist church. Brother John Dias has been working in this place for the last three months and there have been a number of professions of faith. However when we arrived many of the believers had gone to the interior to work and several had

backslidden and like a pig returned to their wallows. There are several faithful believers there and probably in the not too distant future there will be a church organized there. We felt that it was not the right time to do so.

OUR GOOD-BYES

Our last two or three days in Manaus were days of good-byes and mixed emotions. The high school students prepared a little program for Mrs. Hatcher and me. As they offered us their songs and kind words we thanked our Heavenly Father for the dream that had come true in the realization of the Baptist High School.

On the last day, Friday, the Grade school invited us to a program that they had planned as their good-bye. Many of the parents came also to see it. Since we do not have an auditorium large enough yet for such things they built a platform outside on the shady side of the school building and there we enjoyed one of the finest programs we had ever seen. It was closed when the vice-director called our family to the platform and presented us with a toy airplane saying that it was a symbol of their desires for a quick return.

The good-bye to the Seminary was a little more sentimental. The preacher boys sang the hymn "Precious Name" and then each one expressed his good-bye. Well we embraced and we wept for God has united us in Him, and we really felt a sadness in saying good-bye.

Brother Julio Dantas, a graduate of our Preacher's School is taking care of the Grade School and High School during the year we are at home and Brother Sarmento, another graduate of the Preacher's School is helping in the Seminary. Pray for them.

JULIO DANTAS ORDAINED

On Tuesday before our leaving Manaus the Chapada Baptist Church ordained to the Gospel Ministry her new pastor, Brother Julio Dantas. Brethren from the other churches were invited to participate in the service. Brother Sarmento Lima did the questioning, Brother Manoel Costa led in the Ordination prayer and Brother Santiago making the presentation of the Bible. We had a great time in the Lord and the Chapada Baptist Church rejoices in having Brother Dantas as her pastor.

SIMON GAIMA ORDAINED... SAN PEDRO TO BUILD... SAN ANTONIO FINISHING UP THEIR BUILDING... ASTORIA TO START BUILDING... METAL ROOF ON MAPA COCHA BUILDING... SEVERAL PROFESSIONS OF FAITH

by Walter Lauerma

Dear Brethren:

Iquitos, Peru
June 16, 1963

The Brethren all went to Hojeal the 13th of June to help to ordain Simon Gaima. I guess I enjoyed this more than all the other services. Simon gave a good account of himself in the questioning, which Brother Antonio Torres led in. Brother Marcial Macachuachi was the preacher for the night, and I was the moderator and Manuel Taricuarima prayed the prayer of dedication and Jorge Macachuachi led the singing. The next morning before we left, Simon baptized a family that got legally married to be baptized. It was a blessing for me to see old Simon an ordained pastor baptizing in his old age, after many faithful years as a missionary.

SAN PEDRO... SAN ANTONIO... ASTORIA AND MAPA COCHA

The San Pedro Church is starting on their building this month. Only one of the two families mentioned last month, has moved away so Brother Manuel is happy. The attendance is about the same. Brother Antonio Torres, pastor at San Antonio and pastor Manuel at San Pedro visited Sapo Playa together and had 3 professions of faith in two days there. The San Antonio Church by the way has now all the lumber to finish their building and soon ought to have the work done. The San Antonio Church has another family that ought to be baptized soon. The Astoria Church has had better attendance this month and also better offerings. In fact all the churches have showed an increase in their offerings for which we thank God. The Astoria Church also is to start on their building but they have to get their lumber and this takes time to go into the forest and to cut it and carry it back. The Mapa Cocha Church has showed another good improvement in attendance and interest seems better. We have worked 7 days this month with Abram the pastor, Brother Jorge Macachuachi and myself. We have the tin roof on and we hope this week to put on the eaves and then start on the walls. There is quite a bit of work in making one of these buildings out of logs but is the typical building here and lasts quite a while. You notice now that everyone of our churches has built or is building. To do mission work first one must go, have folks saved, baptize them, organize them into churches, teach them to be missionary and then comes the times of buildings, and observing all that God has commanded them to do. So we now have several churches and we have reached the building and teaching them to observe all things stage and this stage of work is the most important and the hardest.

TAMSHIYACU

Our mission in Tamshiyacu is coming along fine. A family of four that made professions of faith through the preaching of Brother Mayfield and Brother Jorge last year, are to be baptized the 24th of June by Brother Marcial, our missionary in Tamshiyacu. The offerings in Tamshiyacu are pretty good for the attendance. There are

several families that are considering baptism in Tamshiyacu and by this family coming it may encourage the others. Brother Marcial is doing a lot of visiting and has services Sunday morning and night, Wednesday and Friday nights. Brother Mayfield on his way to Pucallpa stopped his first night out from Iquitos at Tamshiyacu and preached at the mission there.

IQUITOS

The Iquitos church is holding its own about 50 in Sunday School and we are doing a lot of visiting, especially Brother Jorge. Brother Macachuachi preached 2 Sundays on Tithing and Giving. One Sunday he preached from the Old Testament and the next Sunday from the New Testament. It was the first Peruvian that I had ever heard preach on these subjects. The sermon was well rounded and handled like a veteran. I never told Brother Jorge to preach this sermon (not that I have told him or any other Peruvian what to preach at anytime) but I had to say Amen and I was sure glad he preached it. Our church has voted to have 2 nights monthly of special preaching and to invite some of our brethren to do the preaching each month. This month it was Brother Purificacion and Manuel Taricuarima. We had one profession of faith the night that Brother Purificacion preached. We also had classes again for the preachers as usual with 8 in attendance. Brother Juan Castro is here this week and preached June 16th both services and he plans to leave this week for Pucallpa. Brother Castro came here to vote in the presidential election but the boat he came on ran upon a sand-bar and he arrived 2 days after the election. Guess this is all for now and may the Lord bless all of you for His Glory.

Yours in Him,
Walter F. Lauerma

Before coming home on furlough the John Hatcher's made a trip to Jeturana and this is the rented boat they made the trip in.
