Another Church Organized In Peru

House For Hatchers To Live In

CORRECTION: In the last issue we listed an offering of \$500.00 from Bible Baptist Church, Clarksville, Tenn. as being for the Creiglow house. This should have been listed as a regular offering. The balance needed on the Creiglow house, as of now is approximately \$200.00. The balance needed to pay for the Hatcher house is approximately \$4,500.00. This is an urgent need now. Please pray and give a special offering. Mark offering "For Hatcher House" or "For Creiglow House".

Printing Equipment

We have the printing press, folder, camera, etc. set up and in use in Manaus, Brazil and John Hatcher is now using it, but we need approximately \$1,000.00 to finish paying for it. Mark your special offering "For Printing Equipment". We are praying that the Lord will lead some to give large offerings for these Special Needs that we have listed. Maybe someone would like to give a large offering to pay for all of these. Pray with us about it.

Pucallpa Buildings

Del Mayfield is cutting his furlough home four months short so as to get back to his work in Pucallpa. As soon as possible he plans to enlarge the church auditorium. In the September, 1969 MISSION SHEETS we explained that we needed about \$3,500.00 to be even on this fund and \$4,000.00 extra to enlarge the auditorium. Since then, (in the past five months) we have received about \$2,100.00 towards this, leaving the total needed at about \$5,400.00. Pray and give and mark your special offering "For Pucallpa Building".

Missionary Passage

The Del Mayfields left March 2, 1970 for Pucallpa, Peru, and the Dempsey Hendersons are to leave in July, the Lord willing. We need the money to pay for the airplane tickets and excess baggage, etc. Mark your Special Offerings "For Missionary Passage".

Have Stomach Ulcer . . . Trades For Jeep Station Wagon . . . Work Continues On . . . People Saved And Come For Baptism

By George Bean

Sao Luis, Maranhao
Feb. 16, 1970
Dear Brethren,
We have had a good month in our work even though I am still under the weather some, after running the test I told you about last month the doctor said that I have an ulcer and have to be on a special diet with medication with restricted activity. No more driving the regular Jeep.
I have traded for a 1967 Jeep station wagon and it runs and rides much better than the regular Jeep. He said, that the regular Jeep kept my insides shook up and that was a lot of my problem. The only difference between a regular Jeep and a bucking mule is that it has four wheels instead of four feet. I was

George Bean

on a strict milk diet for eight days with nothing else. Now I am eating oatmeal, for breakfast, for dinner stewed young chicken with rice, and supper poached eggs. I could eat other things if I could find them. Food is hard enough to find without being on a special diet as I am. I wrote Bro. Hille that he should come down here and help me eat all this oatmeal. I am gaining some of my strength back and yesterday I was able to attend all three services of our church and paid a visit to one of our sick members. We have some kind of flu virus here as June was not able to attend any of the services yesterday.

New Hope Church, Sao Luis

We have had good crowds at the Sunday night services, and we have also passed another Carnival of Brasil. Most churches did not have any services the Sunday night of the carnival. Our church had her biggest crowd in the history of the church that night.

Another Church Organized At San Antonio . . . Monthly Fellowship Meetings . . . Looking For The Mayfields

By Walter Lauerman

Dear Brethren,
Iquitos, Peru
Feb. 18, 1970

Well the new church was organized in San Antonio with 16 members and two were baptized the day after organizing. So they have 18 members. The pastor, Francisco Enrigues has done a great job in two years there and it is a testimony, a challenge, an encouragement and a showing of our great God's power to our enemies (which are growing daily) and to our own churches. Praise the Lord. This is a work of the Tamshiyacu church all the way. Only the First, Second, Astoria and Hojeal churches help pay the pastor's salary. Bro. Marcial tells me that in April he is going back up the Marañon River where he has had the other mission (that is growing) for over a year and that carries on its own work. He said he had a boy from his church feeling the call to go there, and is going with him in April. If all goes well they now plan to organize there in this trip. Pray for them. Marcial baptized five this month and had a profession in the Tamshiyacu church. The Second and Third churches and the Fourth Mission are about the same. We need 2 men to pastor right now in Astoria and the 4th Mission. Would you really take this to the Lord in prayer with us? We really would have a real opportunity in this and could mean a real opening for all our work. Pray for us in all this. The fellowship with the brethren the last year has been real good

also. We have had so much rain this past month and every Sunday morning too, however, our attendance stays between 50 and 60. Pray for us that we will have real spiritual churches also. I am building a baptistry in the party we now have for our auditorium and had to let it go this week to handle the workers and also a revival in Hojeal and Astoria. Bro. Marcial is preaching three days of the revival at Hojeal and I am to go down tomorrow to Astoria for Thursday and Friday. I will tell about that in next month's letter. I do know, though, Hojeal has 4 to baptize. We have a new plan for our monthly fellowships. We are having it in all the churches now. This month in Hojeal in connection with their revival, next month it will be at Mapa Cocha and April in The Second church, May in Tamshiyacu and June in the new church in San Antonio, July in the First church, August in Astoria and Sept. in the Third and then of course we will rotate in order from then on, etc.

We are sorry to hear that perhaps the Mayfields will not be able to come through Iquitos, because the airline here is going out of business, it seems. We wanted him to preach for us again in this time. We are glad to hear weekly from the Kissels and their progress in the Spanish. Bro. Kissel thinks there is no progress, at times. One day he will see that all go down the drain when he is up there hollowing away one day. May the Lord bless all of you that make our being here a reality. Thanks so much and may the Lord richly bless you all.

By His Grace,
Walter F. Lauerman

Here if they do not do something to curb this carnival business it's really going to get rougher than it is. One man that is a radio announcer told me that it was the worst that he had ever seen. Girls drunk and almost naked, boys the same way. This was forbidden but they did not have police enough to enforce the law, etc. Tonight we start Mon. night classes for some members of our church that can just barely read. We are going to teach the ABC's for one hour and then the second hour I am going to teach, Why Be A Baptist? Many have said that they want to attend to better their reading of the Bible. Some cannot read at all even though they are adults so I guess we will have a beginners class and a second year class, etc.

Missionary Journey Of 23 Days . . . 115 Hours Travel Time In Launch . . . 12 Places Visited . . . 18 Professions Of Faith

By John Hatcher

Dear Brethren,
Manaus, Amazonas
February 10, 1970

"The Lord hath done great things for us whereof we are glad." This is the perpetual fact concerning the child of God. Today, as my mind remembers my Saviour, my family, my Christian heritage, my brethren, my call, my heart is filled with gratitude to God and at the same time I feel ashamed before Him for being only an unworthy servant. God help us to be more occupied with you and your work is our heart's cry.

Today is Kathy's birthday. She is twelve and we are thankful for her.

Missionary Trip up the Amazon

John Hatcher

Our plans were to leave Manaus on the seventh of January but due to the fact that the boy who works on the launch thought it would be a nice surprise to paint the deck from one end to the other on the day before, our departure was delayed one day to let the paint dry more. On our trip we were gone 23 days and visited 12 places and traveled more than one hundred fifteen hours. If one were to travel an equivalent to this in a car at an average of fifty miles per hour it would equal a trip of almost 6000 miles. This is a good time of the year to travel, for the water is rising and there is little trouble in getting where you want to go. During the dry season there is difficulty in getting to the places which are away from the main stream of the Amazon. The only difficulty of travel in the time of rising water is that the giant trees which fell last year or were deposited along the banks as the water went down are picked up by the masses of new waters and in many places it is a constant zig-zag of steering. Every year boats are sunk from the encounter with floating logs, especially at night.

Island of Maria Antonia

Our first stop was at the Baptist Church of Maria Antonia Island. It was a rainy night and the crowd was small but the service was good and our visit with this church was good. Brother Moises, pastor, is supported by the Baptist churches here and has recently been called as pastor of the Baptist Church of the Island of Patience. These two islands are close enough that he can serve both. A fine young man and doing a good work. He also teaches school for the people of the island. As we came by on our return twenty-two days later all the children saw us and ran to the windows and door of the church to wave at us.

Codajas

Our next stop was the village of Codajas. From the Island this is a trip of twenty-five hours, two long days of travel. "Unbelievable" is one of the words that might be used to describe the Amazon. This giant waterway winds its way across the northern part of the South American continent almost defying all that would get in its way. The main channel of the river changes from year to year. One year great deposits of silt form islands and fertile beaches that next year might grow more or might be completely removed depending on the mind of the giant Amazon. One third of all the fresh water which flows into the oceans passes through the mouth of this South American giant. Not only is the river filled with giant logs and debris but thousands and thousands of waterplants float playfully toward the Atlantic ocean. The hundreds of whirlpools and movements of the waters make the little plants appear as a mammoth playground with thousands of children engaged in a variety of games, each one more animated than the other.

Traveling from early mom, 5:30 a.m. until 6:00 p.m. we stopped along the bank and tied up to pass the night. Next morn at 5:00 we were on our way. Of course, Wilson, the launch man and I get up and get going while the others of the family sleep for another hour or so. We arrived at Codajas about one hour after dark. A safe arrival for which we thanked God.

Chief Cook

Perhaps the one who works hardest on a trip is Mrs. Hatcher. Her helpers are Kathy and David. She plans all the food that will be needed and does all the buying and

packing and then has the job of unpacking it and preparing. This is no small job and there are few who do it. Besides all of this, Mrs. Hatcher, along with David have children's work in each place each morning. Needless to say, everyone keeps busy but God has blessed us greatly.

At Codajas the services were on Sunday and Monday with a good attendance and a good open air service on Sunday afternoon. The pastor of this church was Manoel Costa but for some time some irregularities had been noted in his handling of money and so it was discovered he had been dishonest for at least five months with money and the church dispensed with him as pastor.

Sacambuzinho and Oncinha (Little Tigro)

One brother in the Codajas church is called to preach and his secular work is fishing. His living is a meager one but as he goes from place to place fishing, he preaches. Two places have developed into good preaching places and he asked us to go there. Though our nights were all filled he suggested that we could have services at the noon time and so he sent the people word. On Tuesday at noon we held services at Sacambuzinho and three adults professed faith in the Lord as Saviour. What a wonderful service we had! The next day we went to Little Tigro and at noon time 78 persons met for preaching. Before the preaching hour about 40 children met for a Bible hour. These two places made a great impression upon us and the next trip we hope to spend more time in these two places. It is amazing how that in Christ strangers become friends immediately.

Sucuriu

This is where the Twenty-fifth of December Baptist Church is located. Sucuriu is the name of a constrictor. So you can see by the names of the places the journey took us to some very dangerous places. Here we had services two nights. Forty present the first night and fifty-five present the second night.

Murituba

Traveling on up river we came to Murituba. The people knew we were coming but were not sure of the date since the telephone system is somewhat deficient in the Amazon Valley. The first night there were forty present and this with a big rain. On the next night there were 60 present and four persons made professions of faith.

Pirapitinga

To get to the place where the Baptist Church of Pirapitinga meets one has to walk through a jungle path for two hours or more. Arriving about 2:30 p.m. where we tie up the launch David, Kathy and the two men of the launch started the walk back but by missing the path it took them over three hours and a half. They had to cross streams with water up over their waists due to the rains and one place they saw an eighteen foot long Boa constrictor which had been killed the day before. The men returned to the launch at about 9:00 p.m. Kathy spent the night with the pastor and his family. Their daughter Sarah and Kathy are great friends. The next morning being Sunday we had services at the mission of this church which is close to the river about thirty minutes from where we were tied up. After the morning service we made the trip through the jungle for the night service. In the morning service there were 45 present and at the night service there were 43 persons present. We spent the night with the pastors family. Due to the distance we did not take any hammocks and just a couple of pieces of tarpaulin to stretch out on the floor. But Bro. Raimundo and his wife would not hear of it. They took one of their mosquito nets and put one hammock in it and here David slept and they put a mattress on the floor under the same net under the hammock of David and there Mrs. Hatcher and I slept. There were so many mosquitos that we were certainly glad they put us under the net. Kathy slept with Sarah. The next day after dinner we all walked back out and had services at the mission. About 7:00 p.m. when we were on the way to service the biggest storm came up and what was to be an open air service was hurried into the small house. Fifty persons were present and one person made a profession of faith. After services we rained and muddled our way back to the launch.

To New Orleans To Take Things To Boat . . . To Churches In Florida And Kentucky . . . Leaving For Peru March 2nd

By Del Mayfield

Dear Brethren,
Lexington, Ky.
Feb. 25, 1970

Time has gone so fast, and we've been so busy getting ready to return to the field. We have only one more shot left to get, and we're praying that it will not make us as sick as the last few. If all goes as planned, we'll leave Monday nite, the 2nd of March, from the Cincinnati, Ohio airport and will arrive in Florida for a few hours and then back home. We'd like to thank every one that has had us in their home and for the hospitality that has been shown to us. I'm sorry about not being able to visit every church that invited us to come, and hope that the Lord will make it possible to visit you the next time, if the Lord tarries. His coming.

One week we spent taking our things to

Arraia (Sting Ray)

The next morning we crossed the river and traveled down stream about one and one-half hours to the Island of Arraia. Brother Raimundo, pastor of the Pirapitinga Baptist Church, and family went with us. There were also three young people from that church who went also. Brother Raimundo has been preaching here at the Baptist Church of Arraia for a few months because of the fact that the pastor lives in Manaus and he rarely goes there. During this time the church has been considering calling Brother Raimundo as pastor and this they have done. Due to the fact that the three places, the two churches and the mission are rather close together this one brother can take care of them easily. The first night there were 68 persons present. We spent the afternoon inviting and on the second day we had Bible school for the children. The second night there were 78 persons present.

Boa Fee (Good Faith)

The next day found us traveling early once more up stream. In about two hours we left Brother Raimundo and his family and continued up stream for about four more hours. Here we entered into a little stream and traveled downstream about one hour and a half. This is a mission of the Tabernacle Baptist Church and there are 17 baptized believers. They have started their building. The posts are up and the supports for the floor, and the palm leaf roof is on. They had never had services at the building but on Sunday morning at my suggestion they had cleaned it up and the first service was held between the floor supports. There were about 45 persons present and at the evening service there were about 75. On Saturday night we had services upstream about one half hour by boat and after visiting all the houses around in the morning there were 78 persons present.

Campinas

On Monday morning leaving early we traveled down the smaller stream for five hours to Campinas where the Bairro Vermelho Baptist Church has a mission. The pastor of this work is Brother Jose Silva. They have a mission house and on the one day we were able to have Bible school there were 76 children. We visited all morning and the first night there were 150 persons present. The second night we moved into the street and there were 110 present. There were four professions of faith in homes and I publicly.

Barroso

On the island of Barroso there is one family who claim to be saved and they have an alien baptism. The man is a brother-in-law to Brother Raimundo. We left word that we would arrive on the 28th. With so much rain they really did not expect us. After a fifteen minute walk we crossed a lake by canoe and then on to the man's house. The first night 34 were present. The next day at children's hour there were 54 and the night service had about 35 present and there were three professions of faith. During the entire trip there were 18 professions of faith. The next day we arrived back in Manaus and home to find all safe and sound.

In Him,
John A. Hatcher

New Orleans to ship. We enjoyed visiting some friends there. Jan. 25th, we were with the Peoples Baptist Church, Alton, Ill. where I preached Sunday Night. Brother John Keltie is their pastor. Fri., Jan. 30 and 31st we were with Park Ridge Baptist Church, Gotha, Florida. Brother Douglas King is their pastor. I preached one nite and showed the slides of the work the next night. We enjoyed being with this good pastor and his wife. Brother King really loaded our wagon down with lots of fruit, and we sure did enjoy that, and had enough to give all our friends some. Sunday morning and Sunday nite the 1st of Feb. we were with the Dean Road (formerly the Chenny Road Baptist Church) Union Park, Florida. Brother Malcom Tompkins is the pastor. We enjoyed being not only in their church but their home and the good fellowship. The Lord blessed us that day with this good pastor and his people. Monday night we were with the Grace Baptist Church, Melbourne, Florida. They were without pastor, and we preached and showed our slides of the work. Wed. nite the 4th of Feb. we were with the LaGrange Baptist Church, Titusville, Florida where Bro. T. B. Freeman is pastor. We enjoyed our visit to Florida, but had hoped to preach in more churches than we did. Sunday the 8th of Feb. we visited the Victory Baptist Church in St. Louis, Mo. Brother Darwin Cummins is their pastor. I had the opportunity of teaching the men's Bible class, and really enjoyed being there. Sunday, the 15th, we were with the Peoples Baptist Church again where Bro. Keltie is pastor. Wed., 18th we said our goodby's to our daughter and family, and my wife's mother and family and left for Alexandria, Ky. Leaving your family is the hardest thing about being a missionary. Wed. nite, the 18th we arrived late, but not too late to preach at the 1st Baptist Church, Alexandria, Ky. Brother Carl Morton is the pastor. We had a good time and enjoyed the fellowship with the pastor and people. After the service we went home with Bro. Swinford and family and spent the night and part of the next day. They have visited us on the mission field and we love them very much, and had a good time together. Thurs., the 19th, we came down to Lexington and are staying with our son Ed and his wife Joyce. We are enjoying being in their home. The only thing wrong is that Ada got the flu and has been in bed since our arrival. She is much better today, for which we thank the Lord. Thurs. nite, the 19th, thru Sunday morning, the 22nd, we were with the Pleasant Ridge Baptist Church, brother Earl Thomas is their pastor. I've never had a better time preaching, and the fellowship has been heavenly. The Lord has blessed in the meeting. Brother Henderson is continuing the meeting through tonite and they are having a wonderful time with the Hendersons. He'll write about that. I also got to preach at the Lexington Bible College and that is always a treat. Mon. and Tues. night, the 23rd and 24th we were with the Bryan Station Baptist Church. Brother Al Gormley is pastor. We always have a good time in the church with Bro. Gormley and his people. Oh yes! I just about forgot Sunday night, the 22nd, we were with the Fellowship Baptist Church. Brother Hundley is their pastor. I preached and showed the slides of the work. We had a good service.

I'm sure that this is the fastest mission letter that I've ever put together. So if I've missed a date or two, I'll pick it up next month. We're sure enjoyed being home and we're going back to the field knowing that we have more friends than ever before. We appreciate your gifts and your prayers that make our going possible.

May the Lord bless each one of you and make His face to shine upon you.

Yours by His grace,
Del. Mayfield

Several Missionary Journeys . . . Sixteen Professions Of Faith . . . Six Baptized

By Bobby Creiglow

Cruzeiro do Sul
February 12, 1970

Dear Brethren,
Another month has passed and we are still living in the same place. It isn't too bad living here now, as the owner, evicted the soldiers after they shot three holes in the roof. For the past few weeks it has been so quiet that it has been difficult to sleep having become accustomed to the noise. The owner of the house that the Mission is buying for us told me yesterday that he would turn it over to us yet this week, but this is Thursday and at the present it doesn't look like it will be this week. We have been in Brazil long enough to know that you don't rush these people, so we will just wait until he gets ready.

Bobby Creiglow

Several months ago when I was at Barra do Jardim in Parana dos Mouras I told them that I would return within a few weeks to baptize several that had been saved while we were home on furlough. On Saturday I took Bro. Antonio with me and we went there to spend the weekend. Bro. Antonio preached on Saturday night and there was one profession of faith, the first under his preaching and of course, this was a time of rejoicing for us all. The next morning I baptized six into the fellowship of that church. Sunday night Sabastion preached and there were four professions of faith. I, also, preached after this. There were none saved under my preaching while we were there, but I had the privilege of baptizing six, so we rejoiced together.

I took the family to Colonia where we spent several days with the brethren there. We had services every night and of course the regular services on Sunday. We did not have any saved while we were there, but plans were made for us to return in Feb. to

baptize several that have made professions of faith while we were in the States. Some of these will have to be married by the law before they can be baptized.

Brethren Berindo and Antonio went to Sao Francisco once this month and they said the services were not too well attended, but they were very happy to report that there were seven professions of faith. With only fifteen in services I thought this was a good percentage.

Bro. Jarde and I made one trip to Colonia Rodrigues Alves on the Jurua and we did not have very good attendance because a Federal government official was having a dance for the people that first night, but the second night after he left we had good attendance with two professions of faith. While we were gone Bro. Berindo took care of services in Cruzeiro do Sul and he, also, had one profession of faith. The following week I took Bro. Antonio there with me along with another young man that said he wanted to preach. It rained almost all the time we were there, but the Lord blessed once again with one profession of faith. The young man that went with us left his courage and would not preach. The Lord has been blessing this place with souls being saved almost every time we go there.

While we were in Para dos Mouras the next to the youngest son of the late "Old Patriarch" told us that he also felt called to preach and that he was going to start learning to read and write for this purpose.

If my count is correct there have been sixteen souls saved this month and we praise the Lord for this. We thank the Lord for your prayers and believe these souls are the result of your faithfulness. We trust that you all will continue to pray for us as we try to serve Him here. May He bless each and every one of you for His glory.

In Christ,
B. D. Creiglow

With Churches In Several States . . . At University Of Kentucky Hospital For Tests

By Dempsey Henderson

Lexington, Ky.
Feb. 25, 1970

Dear Brethren,
My last letter was written from the home of Bro. James Sims, in Norman, Okla. After a wonderful time of fellowship with the Sims and some of their friends, we left for Ferguson, Mo., where we visited my brother and his family for a few days. While we were there, on Sunday, Feb. 1, we drove to Pleasant Plains, where we visited with the Pleasant Plains Baptist Church, Bro. Merritt, pastor, and I preached in the morning service. In the evening, we drove back to Springfield, Ill. to be with the East Keys Baptist Church, Bro. Jim Hicks, pastor, where I preached and presented our work. We had a wonderful time with these pastors and churches. On Wed. night, Feb. 4, I preached for the Bible Baptist Church, Madisonville, Ky., Bobby Greene, pastor. It was good to be with these good people again. On Friday, Feb. 6, we drove to Chattanooga, Tenn., where I preached and presented our work to a Baptist Mission that Bro. James Miller has established there. On Sat. afternoon we drove to Huntsville, Ala. where I preached for the Grace Baptist Church, Bro. Lonnie Badger, pastor, on Sunday morning. That afternoon we left and drove to Jonesboro, Ga., where I presented our work to the Calvary Baptist Church, Bro. Robert O. Lee, pastor. This was our first time to get to visit these churches and Mission, and it was a joy to get to know and have fellowship with these wonderful people of the Lord. On the following day,

Dempsey Henderson

we drove to Naples, Fla. to visit the Edsel Watson family for a few days. While I was there, we attended the Naples Park Baptist Church, Bro. H. C. McSwain, pastor. Bro. McSwain was a missionary in Peru for 7 years. I preached there in the morning service, and that night I presented our work. We really enjoyed meeting and being with these people, and we had a wonderful time, while in Fla.

We left the Edsel Watson home on Thurs. afternoon and arrived in Lexington, Ky. on Friday night. On Saturday I went to the University of Ky. Hospital, where they began a series of tests to try to determine the cause of a physical problem that I have been bothered with for some months now. My blood pressure is way too high, but there are also other complications. I finished my tests yesterday and will get the results on March 11. Please pray that there will be no serious problems.

I began a meeting with the Pleasant Ridge Baptist Church, Bro. Earl Thomas, pastor, this past Sunday morning. Bro. Del Mayfield, who had been preaching for them since the middle of the past week, was also there on Sunday morning. I have been preaching every night since, and tonight is to be the last night, but as I write this letter, I am suffering from a bad case of the flu, and I doubt if I will get to preach tonight. We have had a wonderful meeting, though, and the Lord has greatly blessed in manifesting His saving power, in drawing his people nearer to Him, with some re-dedicating their lives, and in giving additions to the church. For all of this and much more, we praise His wonderful name. May God bless you all is our prayer.

In Him,
Dempsey Henderson

Combioco

June took the brethren to this place one night and the brethren conducted a service in a lost mans home. There are no believers that live in this village, and they are going to return tomorrow night for another service. The people are real interested. Maybe some day the seed sown, the Lord will use it to open the hearts of these people.

Anajotiva

While writing the last month's MS letter I was helping the Baptist Church of Anajotiva in a meeting. The first night we had four come for baptism, and during the meeting the pastor had asked me to bring the elements and utensils from the New Hope Church for them to observe the Lord's Supper. I preached a message preparing them for the service, etc. and two members it was learned was on the outs with the other. There was a flare up and I finally got it quieted down and told them I was going to recommend the church to exclude the one as the other was awaiting baptism. We got them settled down and Bro. Jose the pastor was by here the other day and said they

were still at peace. I recommended since the church was in such a state that I thought it would be best for them not to take the Lord's Supper at this time and wait until they are more united. There is one excluded member that is causing all the problems there and maybe she will move away. Bro. Jose also reported that two made professions of faith last Sunday. Two of the four that came for baptism have already been baptized. The other two will as soon as they are married.

I hope that this ulcer will get settled down where I can get back to work in some of our interior preaching points, etc. The need is great and the fields are white unto harvest and true laborers are few. Pray that the Lord of harvest will send forth true laborers into the harvest. I told the church, last night that I guess my thorn in the flesh is this ulcer and I have asked the Lord to remove it and as he told Paul, "My Grace is sufficient for thee."

May the Lord bless all is our prayer and do not forget to pray for this unworthy servant and if it be the Lord's will for me to be completely well that He will cure me by His Grace and Power.

Yours In His Grace,
George Bean

Busy In Language School . . . Earthquake In Lima . . . Enjoying Good Health

By James Kissel

Apartado 5936

Lima, Peru

February 18, 1970

Dear Brethren,
Time has passed so swiftly. It seems but a few days ago since we wrote our last Mission letter. We don't have much to report except that we are very busy with school. We have reached the point that we are able to communicate some with the people. The pastor of the church where we attend here in Lima, has been very helpful. He comes to our house once a week to practice speaking. We also have a young lady who attends the University here, that comes to our house once a week. This is very helpful to us. When either of them are in our house, we are forced to speak Spanish, but we have far to go.

James Kissel

We had a new experience this month. Soon after coming home from our class, one day last week, we had an earthquake. We had sat down to study, when the chairs on which we were sitting, began to shake, along with the dishes, pictures, etc. It didn't last very long and we were thankful that it didn't. Some have told us this is

very common here in Lima. It was reported to be slight, but it did shake some of the buildings so hard, that the letters on the Stadium fell off, also a brick wall collapsed. I suppose that we felt it more than some, because we live on the fourth floor of the building. I thought, how many people act as if God is dead. But He shakes the earth at His own will and man is helpless to do anything about it.

We are both enjoying good health for which we are thankful. I have had to make an appointment for new glasses, which I should have done before leaving the States. With all the studying we do, I find that I need new ones.

We are thankful for the wonderful offerings, reported in the Mission Sheet and for God's great hand on this wonderful work. We are also thankful for the Directors of our Mission, who give unselfishly of their time, money and talents for the furtherance of the work both here and in Brazil. We also appreciate all the letters we receive from our many friends back there. We know many are praying for us. We are happy here but we will be thankful when we are able to be on the field and be used of Him. May the Lord bless all.

Yours by His grace,
James Kissel

Membership Report Of 14th Of December Baptist Church For 1969 . . . House Broken Into And Money Stolen . . . Bible School In Suburb . . . A Christian Woman Dies

By Harold Bratcher

Manaus, Amazonas

February 17, 1970

Dear Brethren,
Since Sunday afternoon I am feeling "under the weather." I've not ever been feeling "fair to middling." I may be suffering from the flu. What kind of Hong Kong-American or Brazilian, I don't know. I'm praying that I'll be able to make a 13 day trip to the interior leaving day after tomorrow. All of you will have to wait until next month to learn if I made the trip or not. I haven't gone to the doctor yet. I may go this p.m. if I don't get rid of these aches and pains and especially if the fever I had yesterday returns.

Harold Bratcher

Let us think now about a more pleasant subject. Last month I added a P.S. to my letter giving the number in Sunday School on January 18th at the 14th of December Baptist Church. I shall now share with you more facts about this annual special day of our church that we call "O Dia dos Memtos." (Member's Day.) I wrote in the church bulletin of January 25th:

Last Sunday, January 18th was a day in our church when God blessed. The Sunday School registered an attendance of 235. Only one other time in the history of the church have we had more people present in Sunday School than last Sunday. 96 members responded "present" in the morning service and 83 members at night. We thus had present at least in one of the services 130 of the 182 members that live here in Manaus. Until today 136 members have given an offering for "Member's Day." The total of the offering until today is NCr\$334.86 (\$76.00). We ask God's blessings to be upon every member that cooperated with their presence, offerings and prayers.

MEMBERSHIP REPORT FOR 1969

Number of members on 31/12/68 . . .	219
Received by baptism during 1969 . . .	63
Received by letter and/or reconciliation . . .	36
Lost by Exclusions . . .	10
Lost by death . . .	1
Total members on 1/1/70	307

Sunday, January 25th was another good day with 184 in Sunday school. However, when we arrived home from church we were made sad. During our three hour absence, someone or more than one, had broken the lock on the back door and had searched the house taking with them about NCr\$50.00 (\$120.00) and perhaps a watch and ring of my wife's that she hasn't found since that day. On Friday before that Sunday I had taken some money out of the bank so I wouldn't have to go back to the bank for at least a few days. If I had known I wouldn't have. Pray with me for the salvation of the thief or the thieves. Other houses of pastors and missionaries have suffered the same fate lately. On Monday afternoon and night for five hours, Jose Olimpio de

Freitas, the faithful deacon of the church, worked fixing the door so we could lock it again. He put on a padlock too. Perhaps it's a case of locking the barn door after the horse was stolen. We're afraid to leave the house by itself anymore and are not leaving any more money in the house. Most of the money that was stolen was in my desk drawer. The lock on it was also broken.

Again, let us think of a more pleasant subject. On Tuesday, Jan. 27th I drove Bro. Creiglow's new jeep to the dock to be loaded on a ship bound for Cruzeiro do Sul. It's a beauty! I'm sure he'll write all about it when he receives it, perhaps by the end of February.

Sunday, February 1st, the Sunday school attendance fell to 106. It rained!

On February 5th I left the house a little before 4 p.m. to make some visits. I had on my list to visit Senhora Maria Alves Lima, a lady who for months was a patient at Chapot Prevost Hospital, where we hold services monthly. She had left the hospital and returned home recently. I visited her on Sunday afternoon and Tuesday and Wednesday nights. I knew the end was near but she always assured me she was trusting in the Lord Jesus Christ. I hadn't been gone long when her son-in-law came by the house to ask me to come immediately as she was dying and was wanting to see me one more time. Not knowing that, I didn't get there until about 6:30. She was already unconscious and was pronounced dead when I finished praying. The next day I conducted a short service at the grave.

Sunday, February 8th our Sunday School attendance was back up - 174.

Monday, February 9th was the first morning of 6 mornings of Vacation Bible School held in a home in the suburb of Nova Betania. This suburb is between Raiz (where the church is) and Sao Lazaro where the Bairro Vermelho Baptist Church is. We had a good school with 83 enrolled and an average attendance of 70. The church authorized the holding of the school, paid the expenses and helped in the teaching. We had 4 classes. My wife taught the Junior girls. There is no Baptist church in this suburb. The 14th Church has a few members where the school was held.

Sunday, February 15th, it rained about 15 minutes before time for Sunday school but it didn't cut the attendance too much. We had 151. Sunday night a seminary student, Francisco Freitas Barroso preached to 140. He brought a good message. We rejoiced when a 28 year old lady who lives in front of the church made a public profession of faith.

Brethren, as you are probably already aware, these days have been days of much sowing but little reaping - some defeats and reverses and not many victories, but we trust and wait for days of victories, reaping and rejoicings to again come.

May the Lord bless you all is our prayer.

Yours In His Service,
Harold Bratcher
