We thank the Lord that the rains have passed, at least for the time being. Our attendance really shows the effects. We had an average of 300 for the month of April. We had a high of 343 in S.S. with others coming for church. Some have been saved, and we baptized 6. One family who lives quite a distance from the church wanted to be baptized after the morning service. So we had baptismal services both morning and evening. This was a first for us, and we really had a good time baptizing.

The Lord has blessed the work here. There are so many things we'd like

Del Mayfield

to tell about, but as every one knows, our space is limited. We would like to mention this, our church is missionary. For the past several years we have supported one full-time worker, and now we have two. We also hope and pray that soon we'll have another worker for San Fernando. All the money that has come through the building fund has been used for the construction of the building. But the church here has also helped. I'd also like to add that much of their giving is a sacrifice on their part. We only hope that you will continue to pray, and will want to help them. Yours by His Grace, Mayfields

Ten Professions Of Faith . . . Seventeen Baptized ... Lot Bought For Building In Acucayaco . . . Busy Preparing For Group To Arrive

May 15, 1973
This has been a month mixed with discouragements and blessings. The Lord continues to bless in the services in saving souls and people having a desire to follow in the Lord. We have had ten professions of faith in the last month and I have now baptized 17 people since I have been back in Peru.

Some of the discouragements you would not be able to understand. One is, this has been a very bad year for the people because of the rains and floods. Many are sick and several have died. In this small town they tell me we had 19 people who died because of malnutrition this month.

Homer Crain

We have had a lot of sickness among our own people, many of them need blood and only a few are able to give blood because the majority of the people here are anemic and can not give blood.

It is now 4:00 a.m. and I am getting ready to leave for Aucayaco to work on the building. We have two lots in the main part of the town, and we have been cleaning the mountain of wilderness from the lot, removing stumps, etc. All of the material has been ordered for the building and promised for the first of June. Pray that the people will keep their promise and do it.

We worked 13 hours yesterday and we

We worked 13 hours yesterday and we have a long hard day ahead of us today.

Also we are busy, busy, preparing for the 42 people who will be coming down next month. Pray for the group coming that God will bless.

although they've both been a bit ill.

The month has gone fairly slow attendance wise with the church; yet I get to spend so little time in visiting and trying to get the lot and paper work, etc. taken care of. However, the Lord has been good to the church. We've had several professions of faith, baptized 14 S.S. children and one 18 year old boy. Be much in prayer for this teenager; his father is a professor in one of

the local colleges and all his family but him are Catholic. Pray that God shall use him to win his family to Christ. The church also disciplined 8 who hadn't attended since we organized and with no good reason; some having gone back to other works.

We purchased a 50 pyong lot and a pyong is approximately 36 sq. feet. It is approx. 30 x 65 feet. We've already gotten it cleaned off and working on getting all the paper work taken care of on it. We are in desperate need of this building and prices just keep going up. For example, just last week cement jumped 70%.

We've also gone back to the mountainous country and taught S.S. children and preached. One time 65 children came and listened. We started back again last week but the car broke down and we couldn't make it.

Thanks for your loyal support and prayers, I just pray that I can be worthy of your support.

Trip To Rose These should be with the rivers of the first past month there were four baptized into the third church, one in the second. We also had a four day meeting in Tamshayacu, where several were baptized into the fellowship of the church.

The Lord willing, we will leave tomorrow for a week of meetings with Bro. Gibbs in Huanuco. We are having services also in our new mission but lack funds for finishing the floor. The reason we were short, the price of seand has doubled. We now pay about \$4.00 per bag of cement due to the added cost of transportation here in the jungle area. We trust that others will give, so that we might finish this building.

May the Lord bless each one, is our prayer.

This has been one of the greatest months here in our work in Manaus. After weeks of visiting and interest on the part of our people our attendance has grown but on the 29th of April we had an attendance in our Sunday School at Tabernacle of 500 persons. What a sight to see the auditorium packed and running over! John Mark and Judy arrived this month and this was an added joy. On the 22nd of April there were fifteen professions of faith and on the 29th there were two high school girls who professed faith. On the 6th of May, my wife and I were on a trip into the interior to visit the Baptist Church of Janauaca. During the four days there we had seven services. On Sunday the 6th, there was one profession of faith and four were baptized into the fellowship of that church. Here at Tabernacle, John Mark preached and there were two professions of

faith. The man who professed faith had asked me two or three days before if he could come to church. He has two children who study in our school and they have been wanting to come. He came with the whole family and was saved. On the night of May 13th there were nine persons baptized into the fellowship of the Tabernacle Church. Five of these were from one of our missions.

April 30th was my 48th birthday. The Tabernacle Bartist Church gave me a surprise birthday party and presented us with one of the most lovely living room suites that you could imagine. We were humbled to receive it for it is far more beautiful than any of them have in their homes.

John Mark and Judy have a nice rented apartment until we return home. They are hard at work. John Mark is teaching in the high school, seminary and church. Judy is working hard on the language. Judy is one of the secretaries in the Sunday School and it was quite a sight to see the general secretary helping her report with the sign language and the "one" word of English that he knew.

This has been a very busy month for us here making several trips to Lima trying to obtain approval of the government for the purchase of a lot in Paucarbambilla, and also building benches and beginning a new work in the city of Ambo which is about 25 miles up the valley towards Lima.

on May 13th we began the new work in the city of Ambo(over 20,000 pop). We are beginning with myself preaching a week of

meetings. The native preachers are carrying on in Huanuco while I preach in Ambo this week. We had 22 the first night, and at least 50 were counted seated last night, with others at the doors and windows. We had a father of 2 children make a profession of faith and request baptism thus far in the meeting. If the crowds continue to grow, as we pray and expect they will, we will soon be needing more benches as we can only seat about 60 at present. This is one problem we enjoy. We are expecting a great time as we continue preaching there this week.

Next week we are expecting Bro. Kissel and some of the native brethren to help celebrate our second anniversary in Huanuco with a meeting. The Lord surely has been gracious unto us.

Pray for us, and may the Lord bless you all there is our prayer.

Good Month Along The Jurua River . Work Done On New Church Building At Villa Rodrigues Alves . . . Couple Get Married To Be Baptized . . . Man Saved . . . Work On Church Building At Campo De Santana

progress has been slow and even, nevertheless this is more encouraging than some
former experiences we have had with sudden

Since last I wrote I have spent one week and four week-ends with the folks at Villa Rodrigues Alves. We have added the Alves. We have added the floor to the new church building and even since this they have bought and sawed enough lumber for two of the walls. Most of all I am happy to report that another young man has been saved. I also

brought one of our young Christian couples to town to get the necessary papers for their legal wedding. This couple, as is the case with so many people here, have already been "married Catholic". This kind of union is of a religious nature only and does not have the approval of the law. For this reason the Christians seek a lawful wedding.

Dad and I went to visit the church at Campo de Santana this week. We took along the tools to work on their new building also. We ran out of material before completion, but it is very near now. On the way back down stream we visited the brethren at Nova Cinta, also.

Best Month In Honduras With 65 In S.S. . . Professions And Baptisms . . . Hope To Organize Church Soon . . . Wall Of New **Building Going Up**

By Walter Lauerman

Tegucigalpa, Honduras May 14, 1973

Tegucigalpa, Honduras May 14, 1973
We have had the best month of all 15 this month. S.S. was an average of 65, 3 professions of faith, 7 for baptism now and full house in all night services. We have voted here to ask the First Church in Iquitos (I am here as missionary through it) to organize as soon as I can baptise these that I have to baptise. That will make us 21 members and we have met and showed them what a church is and

met and showed them what a church is and does, etc. and all seem ready to organize, the Lord willing, perhaps in June we will.

The building: we have the walls half way up now at last. Maybe in a Wolter Louerman few weeks we will get to the roof. I have never in my life worked harder or had more problems with any building than with this one, but it may be the devil is fighting it more. We have so many setbacks. We are on water rationing and that is the worst thing.

Apartado Postal 1218 I will never start a building in the dry sea-egucigalpa, Honduras son even though it is the best to work, but

no water.

My wife and some ladies are visiting now that the men are working on the building. It think they do a better job than I did by far. I thank the Lord for Deloris more every day I live and thank God for giving her to me 25 years ago now. We thank God also for you that have given on the building. It is just wonderful how all you have given and so quickly. I just am amazed and thank God. BFM also gave us another blessing in an increase in rent allowance. Since being in Honduras it has been nothing but blessings mixed with problems but that is how you get blessings, through problems.

get blessings, through problems.

May the Lord bless you all.
