MIKE AND BEVERLY CREIGLOW—MISSIONARIES TO BRAZIL

food (I will refrain from describing), being stuck on sandbars, having a stump rammed through the hull, catching many piranhas, we arrived late one summer afternoon in the little town of Cruzeiro do Sul. We approached slowly through the shallows to the first section of town which was also the main slum. What lights there were, were dim and yellow. There was a loud speaker playing Brazilian "hillbilly" music, to let the town know that there would be a movie that night at the local theatre. It was the kind of setting (sights, sounds and smells) that a boy can never forget.

My Dad and I started working at once on getting a houseboat ready for us to live on. For the next 7 years it was our home. It would be easy to write volumes about those years and the fantastic adventures. During this time we traveled the rivers visiting the villages where Dad preached the Gospel. My schooling took place on the boat. I learned a number of skills that have been invaluable. I learned to swim, play the accordion, paddle a canoe, handle the launch, read the river, its shallows and stumps, how to repair motors, how to build boats and many other things that probably couldn't be learned anywhere else.

During all this time I was having some major fun. At the same time, I was serving the Lord and making plans. My feeling about the present was that I was doing "my part" and that should be enough for the Lord. For the future, I was planning to go to medical school, then return to the mission field to serve. Neat plan: use all those skills in the present and set a noble course for the future. That ought to hold off the Lord, right? Wrong! Well He had to go and say He wanted me to be His missionary and a preacher, to boot. Now that sounded pretty absurd to me and I made sure He knew how I felt. For about 3 weeks in January 1966, at age 17, the Lord kept telling me this and I kept telling Him that I was already busy for Him and that He needed to leave me do my job! No such luck. My dad had noticed my struggle, but stayed out of it. Finally on a Saturday I surrendered. That afternoon I shared it with Dad. The next night I came before the church where I was a member here. The Brazilian pastor made sure I got down to business in a hurry. He informed me that 48 hours later I would be preaching in an open air service. My first sermon was in Portuguese and for the next 3 years I preached to thousands of people along the rivers, in Manaus (where I began my seminary training) and on the radio right here in my home town. My first sermon in English didn't happen until I went back to the States for some college.

Bev and Me: During my years as a single man and missionary here in Brazil, I was praying and looking for "Mrs. Right". I'm afraid though, that I was doing most of the looking and not trusting the Lord to do the showing. I dated so many girls that I lost count. I'm pretty sure that the Lord didn't lose count and there is still some accounting to do. During my seminary years I would spend a semester in Manaus and all my vacations here in Cruzeiro do Sul. I worked in a mission there. When here I travelled the rivers in a boat that Dad and I built just for my work. Most of those trips I was by myself, sometimes for a month at a time. My parents never had any news from me until my return. I would start at the Peruvian border or the mountains on the Moa River and preach from house to house. While on the rivers I minded my business. When I was in town or in Manaus I was more than just "girl watching". For some strange reason I didn't marry one of these tropical beauties. It wasn't until my second year in college in the States, that Beverly walked into my life. She was "Mrs. Right". On Brazilian Independence Day, September 7, 1969, I asked her to marry me. In the same breath I proceeded to try to talk her out of it. I described life in Cruzeiro do Sul as best I could, so she would have some idea of what she would be in for. To no avail. She accepted my proposal despite my description. We were married on June the 12th of 1970. One year later we went to Brazil. We have 4 children who were all born right here in Cruzeiro. Adam is now 27. He married Suy, a Brazilian beauty from our home church here. They have 2 daughters: Larissa and Deborah. They live, work and study in the U.S. Monica is 25. She works and studies in the States. Andrew is 21. He, too, married a beauty from our church. Her name is Eline. They live in the States where he studies and works. He plans to be back in Brazil soon. Crissy is now 19 and still at home.

Our work: My original plan upon returning to Brazil was to do pioneer mission planting and train our young men to do the same. Well that is what I have done. It just hasn't been done exactly the way I had envisioned. For the first 7 years I worked pretty much according to my plan, but with little growth. Then in 1978 God changed the method. I had, for those first years, held fast to the idea that the missionary can't, maybe even shouldn't, pastor a church. In June 1978 our home church, First Baptist, lost her Brazilian pastor. The church called me. I was still reluctant, but didn't see any other prospects. On August 6, 1978 I became pastor. It turned out to be the turning point in the work here. All the men who had been following me around in training, now realized that they had to do the front line work on their own. Also, the value of a larger, stronger sponsor church became evident in the years that followed. Back then First Baptist Church had a maximum attendance of 80 people. In the first

New Missionary to Foz o Breu, Brother Aesio. New boat and motor.

My origins: The newly weds, Bob and Betty Creiglow, left rural Ohio for the big city (Columbus) where I was born on February 14, 1948. They were a lost, even unreligious couple who were looking for the American Dream. They were on their way in Ohio and their little boy even took tap dancing lessons! The urge for more and better caught my dad, though, and he moved the family to Florida. The opposite happened. When we were about as low as we could go, Dad heard the Gospel for the first time and a few weeks later was saved. Our lives were changed dramatically. Dad never achieved the American Dream, but God gave him a higher dream. Not long later he was called to the ministry. This meant that I was now in church every time the doors were open. For 3 long years I was a lost preacher's boy. Because I was a preacher's kid, won prizes in Sunday school, was always in church, I thought I was a pretty good guy. Then one Wednesday night, during services at West Side Baptist Church in Sanford, Florida, the Holy Spirit showed me that all my "merits" were trash. That night I saw that if I died, right then, I would be plunged straight into hell. In fact it is just as vivid today as I saw myself on the brink just about to fall in. Then Christ rescued me. I was only 10 years old, but once again my life was never to be the same.

Beverly's origins: My home life was quite different from Mike's. Both of my parents had been saved as teens. They married during the war. My father, John Kelti, was later called to the ministry and pastored the People's Baptist Church of Alton, Illinois for 16 years. I was saved during this time. I am the fourth of 6 children; 5 girls and a boy. Most of my sisters ended up married to preachers or missionaries. When I was 9, two of my friends trusted Christ as Savior. I wanted what they had received. My father sat down and explained to me how to be saved. It was a peaceful, calming experience. Maybe because I have always been in a Christian home, my salvation experience was not very dramatic. There have even been times when I have had doubts, but the Holy Spirit has always assured me that I am His.

Mike's call: After starting a Baptist Church in central Florida in the late 50's, Dad moved the family again. It seemed like that we were always moving. I went to 3 different schools in the fourth grade. The move in 1960 was a really big one. He went to Brazil as a missionary. I was 12 at the time. Since I have always been an avid reader and at that time my books were mostly about high adventure, you can imagine how excited I was. The same cannot be said for the female side of the family! We spent a year in Manaus, while Mom and Dad learned enough Portuguese to get started. We then booked passage on a paddle wheel steamboat to make our next move. We went up the Amazon River and then on for hundreds of miles up a tributary, the Jurua River. We were on the river for 49 days. After weeks of horrible

year our average attendance went to 152. Our high that year was on the church's anniversary with 369 people in the old wood building. That service was not part of the average I mentioned. Today our average Sunday evening service is over 800. We are in one of the largest and nicest buildings of all northern Brazil. The Lord has made our church to be the example for all other churches in the area. The others here and all over the countryside look to this church for examples of how to do missions in and out of town. Here are a few of the things that are today's reality in the work of First Baptist Church of Cruzeiro do Sul: 14 Churches; over 20 congregations; dozens of mission and preaching points; all churches now housed in brick buildings (no American funding); over 20 unpaid missionaries working out of First Baptist alone; 4 full time missionaries supported and sent by

Dear Brothers and Sisters,
August 24, 1999
Another month has gone already. In just four more we hope to go back home to Brazil. We were in contact with Bobby Creiglow while he was in Brazil and he reported that all our work in the Mato Grosso area was seemingly in good shape. The one exception being the Boa Esperanca which lost their pastor and are now seeking a pastor. I don't have anymore news about that yet.

Here in the States we are staying busy traveling and preaching. Everyone is so gracious to us. We thank each church that has had us come to preach and present our work. Yesterday we had the opportunity to be at the homecoming of the Emmanuel Baptist Church in Evansville, Indiana and to see Bro. John Mark and Sis. Judy Hatcher who will be going to France in a couple of weeks. They have done a great work to the praise of the Lord in Evansville. We pray that the Lord will use them in a great way in France.

We have finished all the tests that the doctor has asked for to try and discover the cause of Ursula's health problem. We are hopeful that by next month we will be able to report to you something more definite. Michelle is in school and seems to be adjusting well. She, as well as Ursula and I, are homesick for our people and work in Brazil. That's no reflection against you wonderful folks here. Everybody is so wonderful to us here. I can see that we won't be able to visit all of you who support us due to our planned departure date. We are taking on as many engagements as time will allow. We are living in the West Kentucky area because of the doctor who has treated Ursula for some time. We are moving into another house this week. Our phone number is supposed to be the same, but our Post Office Box changes from Box 257-C to Box 235-C. All the rest is the same. Our e-mail address will remain the same. God bless you all. Hope to have more to report next month.

Yours in Christ,
Harold M. Draper

Looking For Property . . . How You Can Help . . .

Dear Friends,
September 1, 1999
Yesterday I went with Samdro (one of our ministers) to continue our search for some property to start a new work in Diadema. We found three lots that seem especially appropriate for a church building. The one that is best located is rather small. The property sits in a high point and at a major intersection. It is just across the street from a supermarket which would serve as a reference point when inviting folks to church and would also be seen by everyone who shops there. We found another lot which is larger, but not as well located. We will continue to pray for God's guidance until we are certain where to purchase.

We had a special week of prayer and fasting seeking God's will concerning this new work. On the first day after our prayer week we received news that a special offering had been raised to go toward this work by the Calvary Baptist Church of Richmond, Kentucky. Brother Bobby Greene is the Pastor there, and we want to express our thanks to him and the church for their interest in this work. We especially thank God because this news came at a time when we were seeking confirmation that this was the time to begin the work in Diadema.

If you would like to participate in planting this new work, there are several ways of doing so. We have seen God answer prayer already by confirming the location. Your prayers would be greatly appreciated for God to open the hearts of those who will hear the gospel preached in Diadema. We know God hears and answers such prayers. I have been saving money each month for four years to purchase a vehicle, but I feel led of the Lord to use this money to help build the church building we will need. We will need to purchase the land first, of course. One couple from Ohio who gave \$40 have already donated enough to purchase 6 square feet of the 2,160 total. Calvary Baptist's offering will purchase 97 more square feet. Maybe you feel led of the Lord to help us acquire this property so that we might get the gospel to the 40,000 residents of this neighborhood.

We had two professions of faith this last week in our Saturday evening Bible studies. We will be baptizing very shortly because there are several others who have trusted Christ and have asked to be baptized also. God continues to bring new folks into our services at Bible Baptist, and the leaders are growing steadily as they study and minister. Next month I'll give an update on the progress of all the works, the Lord willing.

In Christ's service,
Bobby, Charlene, Jessie and Brennen Wacaser

Dear Friends
It cannot be that a month has passed since I wrote you. But the calendar says that it has. Alta and I were in Cruzeiro do Sul, State of Acre, for the missionary conference at the First Baptist Church of Cruzeiro do Sul where Mike and Bev Creiglow serve. The work in Cruzeiro do Sul is the oldest work of BFM in Brazil. Until recently all of the travel had to be done by boat on the many rivers that make up a large part of the Amazon system. There were some great servants, now in Heaven, who spent their lives in dugout canoes paddling from house to house on those rivers to preach the Gospel. Fortunately, now there are roads to some of the missions and churches.

I especially remember Brother Eufrazio who carried a bag of rice in his canoe and when it was time to eat he would ask the lady of what ever home he was near if she would cook some rice for him. At first he would carry in the sack with all of his rice. Then he changed his method and carried in only as much as he would eat. Eufrazio discovered the ladies would take out enough rice for the entire family and his rice supply for his trip would be gone. This dear brother did not pass a house. He would stop and read the Bible to the people, sing some hymns, and tell them about Jesus Christ. About 1954 Brother Paul Calley and his wife, Florence, moved to Cruzeiro do Sul to serve as missionaries. He felt sorry for Eufrazio in his arduous task of rowing a dugout canoe day after day. One day he took a five horsepower outboard motor to him and taught him to use it.

Wow! What a difference. Eufrazio, for the first time traveled in style and comfort, thanks to Paul's kindness. Days later the evangelist returned from his motorized trip. He went to visit Paul. When the missionary answered the door there was Eufrazio with the outboard motor.

"How did it go, brother?" Paul asked.

"It is a real marvel," Eufrazio replied, "but I am bringing it back to you. I do not want to use it any longer."

Paul Calley was shocked, to say the least, and asked, "Why, my brother?"

"Because when I paddle the canoe I never pass a house, but with the outboard I pass many houses without stopping," responded Eufrazio.

That was dear Eufrazio's first and last trip by motor. But along the rivers he traveled was not a family that did not know the old man with his Bible and song book. Many of whom you will meet in Heaven.

The work of BFM missionaries has been blessed of God. The first was Joe Brandon. Then among others there were Paul and Florence Calley and Royal and Helen Calley. Helen died in Cruzeiro, leaving Royal and five children. We visited the lonely grave on the hill where she awaits the resurrection.

Great Missionaries - Great Work: After Paul Calley and his brother, Royal, left this region Brother Bob Creiglow served for many years. He had a great ministry there, but perhaps the greatest work of Bob and Betty Creiglow was the rearing and training of a son who has a missionary's heart. The work God has done through Mike and Bev is monumental.

I believe there are 46 churches and missions along the rivers in the Acre. Their church supports four of the five missionaries. They have men out on trips every week.

Crowds at the conference were over 1,000 on three nights.

I will write more about this later, but in closing I want to say: "One day when we see what God has done with the little we gave, our bitter regret will be that we did not give our all to Him."

Today, while you hear His voice there is still time to give your all.

Sincerely,
John and Alta Hatcher

First Baptist; 1 full time missionary sent by Faith Baptist Church; a Seminary with 12 students last semester; a Christian school with 200 students (3 buildings); 2 Television broadcasts a week, one half hour each, produced in our own studio, locally trained help; radio broadcasts one hour every day on AM, FM and Medium wave length; radio broadcasts; 5 nights with Christian music, an hour a night; a camp of our own; and prison ministry

Most of these jobs are done by the men and women who have been saved and trained right here on the field. Perhaps my most important job is just to share the vision and encourage. I do work a little, but mostly I just have fun. If I had become a doctor I would not be having fun. Doing what God has called us to do is to enjoy. Doing it His way is, how should I say it? DIVINE.

A Letter From Beverly Creiglow:

Ever since I was a young girl, I wanted to do some kind of social work in another country. Little did I know the Lord was preparing me to be a missionary's wife. All the time Mike and I dated, I'd ask him every question imaginable about Brazil. He did his best to describe Cruzeiro do Sul, the people, food and the customs. I can understand now the reason it was not easy to answer my questions. Life in Cruzeiro was very different than the kind of life I'd been used to.

When we left the states for Brazil, I was almost 7 months pregnant with my first son. We spent a few days in Manaus with John and Alta Hatcher before coming to Cruzeiro do Sul. It was long enough for Mike to show me around and for me to fracture my foot on the cobblestone roads. I arrived in Cruzeiro in a cast. It was like going back in time. No paved roads, no running water and only a few hours of electricity in the evenings. There were very few cars and trucks. Today, there are hundreds of automobiles and motorcycles. We have electricity 24 hours, running water, paved roads, satellite TV, computers and so many other things unheard of when I first arrived.

All four of my children were born Cruzeiro do Sul. I have always been thankful that I raised my children here. We have always been close. Mike took the kids places with him and always made time for his family. All four were saved young. Their friends and family were church members. All of them were home schooled. Today, 3 are in the states studying and working. Only the youngest is still at home. We have 2 adopted sons, who are orphaned brothers that lived 5 years with us. Both are married now.

As a missionary's wife, I traveled the first years with Mike. After the kids started school, it became more difficult to leave home. As a pastor's wife, over the years I've taught Sunday school, cared for the nursery, and for a short while taught the ladies. I've found it important to train other women to do many of these tasks. Thankfully, there are many capable women in our church.

Many times while on furlough in the states, people ask me if I'm glad to be home. Home is Brazil. Home is Cruzeiro do Sul.

Home Now has 67 Children ... Boy Leading Bible Study ...

Dear Friends,

August 26, 1999

This has been a great month for Christ here at the Alpha and Omega Home and at the Church here in Garca. God continues to win many victories as we battle for the lives of the children here. This month I was in the States for 3 weeks to attend to some tax matters and other personal business, but things here continued without me. Isn't it amazing how God permits us to be a part of his work? He does not need us but he uses us to further His kingdom.

Our Home here continues to grow. We have 67 children as we write but daily this number changes. We were able to restore 3 children to their home this month and this is Gods plan. The nine boys we have in our care are from 9 years of age to 15 years of age. You can imagine the needs of that age group. Each day Barbara and I encounter something new. Yes, we are experienced parents of two, but these children bring new meaning to the words "real boys." Just when you think you have them figured out, they change. Does that sound familiar to any of you? We have only one in our care who does not know Christ as his Savior. Please pray for him daily that he might receive Christ and have a new life not only here at the Alpha and Omega, but forever.

A. J. Hensley sharing the good news.

The construction part here is never ending. But we have hired a full time carpenter, and this month I have devoted my time to building a play center for the smaller children. Thanks to the children at Wilderness Road Baptist Church in Lexington, Kentucky who saved money for 3 months to buy the material for this project. Also thanks to our daughter Mary Katherine who came down to spend some time with us and spent a whole week painting the play center. The finished product is beautiful and the children are enjoying it very much.

The youth here are going strong. The Tuesday night group is studying a discipleship program. And many will put this program into practice through our Saturday visitation program. God continues to save more than we can disciple. But through Him all things are possible. Our Bible study group in Jafa continues and we have a young man eager to work there. He has asked to change the meeting night to Friday so he can stay over to start a program with the children on Saturday morning. It is AWESOME to see God at work!!! Our Thursday night Bible study group is now being lead by one of our oldest boys at the Alpha and Omega. Last week I listened in awe as he taught from I John 1. Praise God for Odali Barros who had the dream of the Alpha and Omega and who invited us to be a part of that dream. Also thanks to you who faithfully support us here because God is doing some awesome things here and you are a very real part of it.

Continue to pray for us and all that work here. We will begin one of our hardest months ever here in September. Barbara and I will go to Manaus to begin intense Portuguese language classes. Hold us up to God as we strive to do His will here in Brazil.

In His service, A. J. and Barbara

Breakdown in The Andes ... 1,600 Attend Conference ... Teaching 130 Preachers ...

Dear Friends:

August 30, 1999

Anita and I are back home. We had the week of our annual conference out in Pucallpa, and the we went to Lima for a week to get supplies. However, the van broke down on the way back to Huanuco. The fan belt broke up in Junin. It is a little town up in the plains, crossing over the Andes mountains. It is about 14,000 feet up there. The Lord was gracious and we found a mechanic that fixed it for us after about four hours. However, it was very cold!!! Below zero. We made it home about ten o'clock on Friday night. It was good to get a hot shower and into our own bed!

As to the big conference week in the jungle town of Pucallpa, we had a great time. About 1600 people present. My teaching was very well received. Anita distributed her book of Sunday School lessons to about fifty churches. I was so proud of her. It was very well received by all. The churches of Pucallpa did a very good job of organizing everything. With a few minor exceptions, all of the brethren got along well and had good fellowship. The road to Pucallpa was a nightmare, Anita and I have decided we will not drive it again. Taking a bus will be much better. Better for us and for the van.

Sunday the 22 of August I baptized four out in the river again. One man and three women. One woman from the Fifth Church and three from the mission work in Huaraca. Had a good meeting with the Huanuco youth group on Saturday night. A very lively and "good" group of kids. I work with them every Saturday night.

We have begun a little more construction this past week. We're having the concrete roof in the front of the house redone so that the water is pitched the opposite way. At present when it rains, the water stands about an inch or two and we have to sweep it off. This causes water spots to show up on the ceiling inside the house. We are in the "dry" season now, so it is a good time to pick out the roof and redo it. We will also have a small bathroom finished and ornamental steel protectors placed over the windows. Hopefully the beating and banging should last no more than one more week. We want to have everything finished by the time

Busy Teaching and Preaching ... Picnic - Kenya Style ... Strange Gods And Customs ...

Dear Friends,

August 30, 1999

Pam and I continue to thank the Lord for calling us to serve Him here in Kenya. The Lord has blessed us through all the good times, and also in the bad times. We thank the Lord for the challenges, and the rewards of working in our Lord's harvest field.

Let us share with you some of the things we have been doing in our ministry in the past month. I teach a Men's Bible Study in the homes of our church members. Pius Pepala is one of our church leaders, and he has six children in his family. They live in a mud house with a grass roof. A couple of weeks ago, we had 13 men in our church for a Bible Study in his home. I am teaching a series on the family. The Lord has blessed our church with a good group of men. Pam, on Saturdays, teaches a Bible Study on the family for the women also.

Saturday, a few weeks back, we had a church picnic (they call it in Swahili - "Siku ya Furaha," a day of fun). We had over 100 people in attendance, and we met at a nearby school, since we do not have our own church property yet. We had to buy 20 chickens to feed this size group. Our chicken was very fresh, because early in the morning, I went out with another man, and we got the chickens and took them to our house. Then some of the men in our church decapitated the chickens and prepared them to be stewed in a soup to be put over rice. They were cooked over a wood fire on our property.

We also had the ladies in our church to prepare potatoes, cabbage, and sukuma wiki, which is kale. Pam went over to help the ladies to cut up the vegetables, and they were cooked over two wood fires at one of our member's homes. Thank the Lord, everyone had enough to eat.

Afterwards, we played some relay games, such as a bag race, racing on wood blocks, and a three legged race. They loved these games, even though it was very different from what they are used to. We also played soccer, volley ball, and basketball. Everyone had a good time of fellowship, even though it rained a lot during the day. Pam and I were very tired after running around trying to get everything arranged. We are the only ones in our church that have a vehicle. Our people are very poor, but they are such a blessing to us. Pam and I really enjoy getting to minister the Word of God to them, fellowshiping and playing games with them.

Mike with seven of our church leaders at a meeting in our house.

These men have really supported us during this crisis with our former pastor.

Sundays, I usually speak three different times. Both Pam and I teach a Sunday School class. Pam teaches all the children, and I teach the adults. We are teaching thru the Bible in a chronological way, from creation to the time of Christ. We are now teaching on the life and ministry of Moses.

This past Sunday, in the morning service, I preached on "False teachers, the Dangers of Mormonism." The Mormons have moved back into our area, and they have taken a lot of our members. I am trying to tell our people that the Mormons teach "another Gospel" that is not of the Bible. Please pray for us, that others in our church will not be led astray by false doctrines.

Oh, before I forget, we were invited to a special baby dedication ceremony by one of the Asian merchants in town. It was at the local Hindu Temple. We were not able to go to the ceremony because it was during our church time, but they wanted us to come for lunch. We even got a guided tour of the actual temple area. We had to take off our shoes to go into the main chamber. They had several of their idols in the room. The main idol had an elephant head, and the other "gods" looked like dolls dressed with lots of gold and ornaments on them. They have over 2000 gods. They seem to have a god for everything. Their main god is a god of creation, and they even have a god of money. I bet a lot of people like that god. As you go into the room with the idols, they have three bells. Pam asked why they had the bells. They said that they were to wake up their gods before they go into pray. We are so glad that according to Psalm 121, our God neither slumbers nor sleeps. So, it was the first time we ate at a Hindu Temple, and it was Pam's first exposure to idol worship and the overwhelming spiritual blindness of so many people. The food was good, but a little too spicy for us. It was a really different experience for both of us, but we wanted to go, to be a good testimony for the Lord among the Asian community in the area. There are over 400 Hindu people in the Kitale area. We hope to reach out to these people who need to hear of the love of God. Pam and I thank the Lord for calling us to salvation, when so many around the world are deceived. Yesterday, I had the opportunity to witness to a Hindu man during lunch. Please pray for this man and for other opportunities to witness to other Hindus of the wonderful saving grace of Christ.

Thanks to each of you who faithfully support us with your prayers, encouragement, and financial support.

Take care and God bless you.

Servants for Christ, Mike & Pam

P. S. Please make a special note that our E-Mail address has changed to: manderson@net2000ke.com. Also, because we have moved recently, we have another phone number: 011-254-325-31765.

our pastor, Brother Sledd, and some others from our home church arrive the end of September. We are sure looking forward to their arrival. They'll be traveling with us out to the northern jungle town of Iquitos, then to the work in Hualar on the Pacific coast, the Capital city Lima and then on to Huanuco for a few days before heading back.

For this past week, Anita and I have been very busy printing more materials for my next Institute class out in the north jungle town of Iquitos. It is my largest class. I now have 83 preachers and pastors enrolled out there with another 47 enrolled that study, here in Huanuco. That makes a total of 130 men of God that I have the privilege to help better prepare for the ministry God has called them to do. It is an awesome and yet joyful task. Please remember us in your prayers. We thank the Lord always for your continued prayers and support of our ministry here in Peru. Until next month.

Serving Jesus in Peru, Sheridan and Anita Stanton
